KEEP AWAY FROM CHILDREN AND DOMESTIC ANIMALS!

ant trap

WARNING. PLACE BAIT IN AREA INACCESSIBLE TO CHILDREN OR DOMESTIC ANIMALS
Hazardous if swallowed or absorbed through skin. Do not get on skin, in eyes, or on clothing. Wash with soap and water after using, and before eating or smoking. Do not contaminate feed or foodstuffs.

KEEP AWAY FROM CHILDREN AND DOMESTIC ANIMALS!

PUNCH IN PERFORATION

WILL CONTROL SWEET AND GREASE EATING ANTS AS WELL AS SOUTHERN FIRE ANTS.

DIRECTIONS: Punch in perforations on side of can. Place each ant trap where ants are noted. Use several traps when infestation is heavy. Place 15 feet apart. Ants will be attracted to the bait and carry food back to nest. The ant colony will be destroyed in 3 to 7 days. For lawn and garden use, place traps along ant trails up to 20 feet apart. (10 feet apart if infestation is heavy) Replace traps after 30 days. To control fire ants, place one trap on each fire ant mound.
