CAUTION!

Keep out of reach of children.

Avoid inhalation of dust and contact with skin.

In case of contact with skin or eyes, flush with plenty of water; for eyes get medical attention.

Wash thoroughly with soap and water after handling and before eating or smoking.

If swallowed, induce vomiting immediately and get medical attention.

NOTE: Atropine is antidotal.

Do not contaminate feed, water, or foodstuffs.

This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

DIRECTIONS FOR USE

GENERAL DIRECTIONS:

Ciodrin Dust is a specially prepared ready-to-use livestock dusting powder. No waiting period is required when used on animals being fed for slaughter. Do not treat calves under 6 months of age. Brahman cattle should not be treated as they may show hypersensitivity to organic phosphates.

FOR DIRECT APPLICATION TO DAIRY AND BEEF CATTLE TO CONTROL HORNFLIES AND LICE: For the control of hornflies on beef and lactating dairy animals, apply 1-2 heaping tablespoonsful to the backline of the animal, covering in addition the poll, neck, and upper portions of the sides. Repeat above application as necessary to maintain control, but no more often than once every 14 days. Wash hands thoroughly after use.

For the control of lice on dairy and beef cattle, treat animals thoroughly. If required, repeat this thorough application in 3-4 weeks.

3-hydroxy-cis-crotonate..... 3%

INERT INGREDIENTS:..... 97.0%

TOTAL..... 100.0%

MANUFACTURED BY
HELENA CHEMICAL COMPANY
MEMPHIS TENNESSEE

DUST BAGS: For control of hornflies, and as an aid in the control of lice, on dairy cattle and beef cattle, 3% Ciodrin Dust may be applied daily when application is made with Dust Bags. To prepare dust bags for animal use, place 4-8 pounds of 3% Ciodrin Dust in cotton cloth or double burlap bags and suspend bags near mineral or salt blocks, in alleyways leading to or from animal building, or dairy barns. Dust bags may also be suspended in livestock holding pens, feed lots, and loafing sheds where possible. Protect bags from weather by placing them under shelter.

WARRANTY AND LIMITATION OF DAMAGES. Helena Chemical Company warrants that this material conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use and Conditions of Sale, subject to the inherent risks referred to therein. Helena Chemical Company makes no other express or implied warranty, including any other express or implied warranty of **FITNESS** or of **MERCHANTABILITY**, and no agent of Helena Chemical Company is authorized to do so except in writing with a specific reference to this warranty. Any damages arising from a breach of this warranty shall be limited to direct damages, and shall not include consequential commercial damages such as loss of profits or value, etc.
