Attention: Douglas C. Weiss

Gentlemen:

Subject: Baktri-Side  
EPA Registration No. 6231-3  
Your Submission Dated September 2, 1986

The amendment referred to above, submitted in connection with the Label Improvement Program Notice for Antimicrobial Products Used as Food Contact Surface Sanitizers, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
  - a. Place the ingredient statement on the front panel directly below the product name.
  - b. Place the EPA Registration Number and the EPA Establishment Number on the front panel.
  - c. Place the Child Hazard Warning on the front panel with the signal word immediately below the Child Hazard Warning. Both the Child Hazard Warning and signal word must be in the correct type size. See the enclosure titled THE LABEL.
  - d. Change the words "FIRST AID" to "Statement of Practical Treatment." Also, the statement should be on the front panel or use a referral statement such as "See right panel for additional precautionary statements."
  - e. Add under DIRECTION FOR USE, the following misuse statement:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

f. Comply with the pesticide and container storage and disposal instructions given in PR Notices 83-3 and 84-1. See enclosure.

g. Delete the Phenol Coefficient claim.

2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

John H. Lee   
Product Manager (31)  
Disinfectants Branch

EPA Reg  
Do not get in eyes, on skin or on clothes when handling. Harmful or fatal if swallowed. Do not use under supervision of REACH OF CHILDREN.

Do not get in eyes, on skin or on clothes when handling. Harmful or fatal if swallowed. When empty rinse container thoroughly in a safe place.

**FIRST AID**  
In case of contact, immediately flush with water for 15 minutes. For eyes, call a physician. If swallowed, drink promptly a large amount of water. If these are not available, drink large amounts of water immediately.

**NOTE TO PHYSICIAN**  
Probable mucosal damage may contribute to circulatory shock as well as oxygenation. Mechanical ventilation may be needed. If percutaneous intravenous injection of a short-acting agent is necessary, this product is toxic to fish. Do not use in fish tanks.

10/15/87

3/2

Baktri-Side is recommended for use in Camps, Restaurants, Dairies and Food Processing Plants.

Thoroughly clean all areas to be sanitized with a good detergent and remove soil with a pre-scrape or pre-flush. When necessary pre-soak. Rinse cleaned surfaces with fresh potable water before Sanitizing.

To sanitize walls, floors, hard surfaces in bathrooms, and lavatories, food handling equipment, kitchen utensils and dishes, rinse with a solution containing 1 oz. of Baktri-Side (195 parts per million) to 4 gal. of Water. No rinse required after sanitization.

To Deodorize floors, tables, mops, garbage cans, garbage rooms, loading platforms, refrigerators, freezers, use a solution containing 1 oz. of Baktri-Side (781 parts per million) to 1 gallon of water.
