\*U. S. Patent No. 3,465,007

### CAUTION KEEP OUT OF REACH OF CHILDREN

#### FOR BEST RESULTS FOLLOW THESE DIRECTIONS

Close room or rooms to be treated. Exposed foods should be removed or covered. Food handling equipment should be covered or washed after application is completed. Direct spray toward ceiling in a fine mist or fog. Use a good steam, compressed air or electric sprayer which is designed for fogging use.

Treat all infested space thoroughly with a heavy fog, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed. Repeat as needed.

**CAUTION:** Harmful if swallowed. Use as a space spray in food processing plant only when plant is not in operation. Food should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Avoid contamination of food and foodstuffs. Cover or remove fish bowls. Remove all pet from area to be treated.

Contains insecticide, contains irritants. Use in locations isolated from water. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.
