DIRECTIONS

OUTDOOR SPRAY

TO REDUCE THE ANNOYANCE OF FLIES, MOSQUITOES, GNATS AND SMALL FLYING MOTHS around patios, swimming pools, home yards and outdoor areas in parks and playgrounds; spray as a fine mist or fog to penetrate grasses, shrubs and ornamentals around homes, picnic areas, stadiums and open air theaters. Treat as large an area as possible surrounding the patio, pool or grounds where insect protection is desired. Repeated applications may be necessary when infestation is heavy. Do not apply more than 1.5 gallons per acre.

Do not spray flowers and ornamentals at close range. Allow only the fine mist or "dry" fog to contact desirable plants. Direct spray away from the swimming pool.

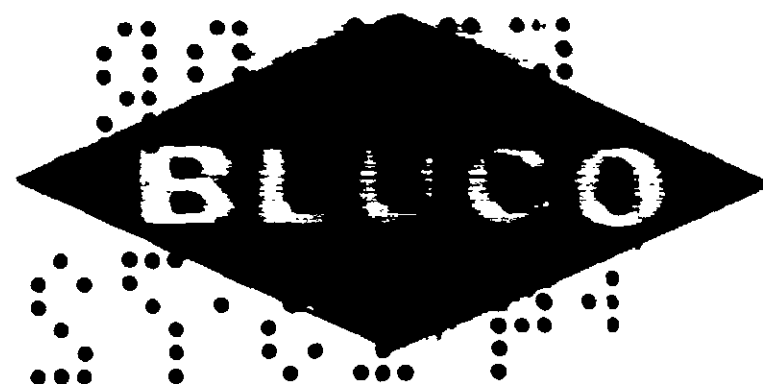

INDOOR SPRAY

"Do not remain in treated areas and ventilate the area after treatment is completed."

FOR CONTROL OF FLIES, MOSQUITOES, GNATS AND SMALL FLYING MOTHS in homes, food establishments, and warehouse; close all windows and stop all ventilators. Direct fine mist or fog or mist particles. Keep area closed for 10 to 15 minutes. Clean up and destroy fallen insects.

Pilot lights should be extinguished. Cover or remove aquariums before treatment. Allow only fine mist or "dry" fog to contact fabrics or surfaces that might be affected by the oil base.

FLY SPRAY

READY-TO-USE

Active Ingredients:

- Pyrethrins
- *n-octyl sulfoxide of isosafrole
- Related Compounds
- 2-Butoxyethanol
- Petroleum Distillate

By Weight

- 0.031%
- 0.219%
- 0.030%
- 0.498%
- 99.222%
- 100.00%

*Sulfoxide U.S. Patent No. 2,486,445

CAUTION

Harmful if swallowed. If swallowed do not induce vomiting. Do not treat household pets. Avoid spraying directly on foodstuffs. Do not spray into or near fire or open flame.

KEEP OUT OF REACH OF CHILDREN

U.S.D.A. Reg. No. 6796-8

DIRECTIONS

FOR CONTROL OF CARPET BEETLES: Clean all rugs, carpets and fabrics to be treated. Spray both surfaces of carpets and floor space beneath evenly with a fine mist spray. Particular attention should be paid to cracks and crevices around the baseboards.

CAUTION

Do not apply as a space spray in a food processing plant while the plant is in operation. When applied as a surface or contact spray in a food processing plant remove or protect food during treatment. After treatment wash with potable water all equipment, benching, shelving, etc.

"Do not reuse empty drums. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place."

NOTICE: Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.

"DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME."
