Attention: H.M. Anderson

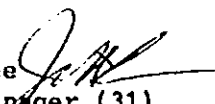

Gentlemen:

Subject: SPERMINT
EPA Registration No. 6889-11
Your Amendment Application Dated September 22, 1986

The labeling referred to above, submitted in connection with the Label Improvement Program Notice for antimicrobial products used as food contact surface sanitizers, is acceptable and a stamped copy is enclosed for your records.

At the printing of the next set of labels delete the term "General Classification."

Sincerely yours,

John H. Lee 
Product Manager (31)
Disinfectants Branch
Registration Division (TS-767C)

WARNING

Hazards to humans and domestic animals
KEEP OUT OF REACH OF CHILDREN.

CORROSIVE. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with running water for at least fifteen minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call physician immediately.

NOTE TO PHYSICIAN

Prevents mucousal damage may be contraindicated. Use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

STORAGE AND DISPOSAL

1. PROHIBITIONS
Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL

Pesticides, spray mixture, or residues that cannot be used or chemically processed should be disposed of in a landfill approved for pesticides or buried in a site

STORAGE: Keep container closed when not in use.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling, or conditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

GENERAL CLASSIFICATION

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Disinfection: For heavy duty cleaning and disinfecting and fungicidal activity against pathogenic fungi, use 43 ounces per gallon.

For best results, use Spearment with a cloth or mop and apply to walls, floors, table tops, and counters.

SANITIZATION

For light duty cleaning, sanitizing and deodorizing, use 2 ounces per gallon.

For extra heavy industrial cleaning and sanitizing, use a second application.

Do not mix with soap or anionic solutions. *Spearmint* is non-corrosive in use dilutions on inanimate hard surfaces.

Spearmint is a heavy duty cleaner and disinfectant designed for general purpose use where heavy duty cleaning and sanitizing is of prime importance. When used for industrial cleaning, follow the use directions shown on the left side panel. For use on walls, floors, table tops, in industrial plants, offices, motels, and schools.

Not recommended for *Pseudomonas aeruginosa*.

WARRANTY

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials. Statements concerning the use of this product are not to be construed as recommending the infringement of any patent, and no liability for infringement arising out of any such use is assumed.
