Tesch Chemical Company, Inc. P.O. Box 631 Appleton, WI 54912

Attention: L.M. Fornow

Gentlemen:

Subject: TECO BLUE

BPA Registration No. 6921-4 Your Amendment Application Dated September 9, 1986

The amendment referred to above, submitted in connection with the Label Improvement Program Notice for Antimicrobial Products Used as Food Contact Surface Sanitizers, is acceptable provided that you:

- 1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
 - a. Delete the term GENERAL CLASSIFICATION on the right panel.
 - Replace the word DANGER with the word WARNING on the left panel. The correct signal word for this product is Warning, not Danger.
- 2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Product Manager (31)

Cross-contamination is of major housekeeping concern not only in hospitals, but in achools, inelitations, and industry. TECO BuUE is formulated for this problem area. It both cleans and disinfects effectively and is virucidal when used as directed, its hard surface disinfecting action will reduce the hazard of cross contamination.

TECO BLUE is an extremely effective one-step sanitizer for non-food contact surfaces. It cleans and sanitizes in waters up to 550 ppm hardness. This hard water tolerance is in excess of most potable waters and witl insure complete sanitizing action when used as directed.

Two ounces of TECO BLUE per gallon of water will deodorize surfaces in bath, rooms, garbage storage areas, and other areas where becterial growth can cause mallodors. This product will inhibit the growth of mold and mildew and their bodors.

Precautionary Statements
Hazardous to Humans and Domestic
Animals
