rabbit rid

rabbit repellent

Net Weight
12 oz. avoird.

CAUTION: KEEP OUT OF REACH
OF CHILDREN

Read product label carefully

SHAKE WELL BEFORE USING AFTER USE INVERT CAN
AND CLEAR VALVE BY SHORT SPRAY

APPLICATION: One application of this repellent and fungicide will protect fruit trees, shrubs, ornamentals, and nursery stock from two months to a full season. Abundant new growth must be protected by repeated spray. For protection over the winter, spray twice following leaf fall and once back to a height above the reach of the animal. Remember that snow on the ground will allow the rabbit to reach higher. For best results application should be made on a dry day. Do not use on plants or fruits that are to be used for food or feed.

ACTIVE INGREDIENT

Thiram (tetramethylthiuram disulfide) 9.5%
