8033-99

Date of Issuance:

OCT 11 2006

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:
(F5025)

Acetamiprid 0.075% Gel Bait
Station Ants OTC

Nisso America Inc.
45 Broadway, suite 2120
New York, NY 10006

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA Sec.3(c)(5) when the Agency requires all registrants of similar products to submit such data and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Submit additional pharaoh ant efficacy data using 3-4 replicates with 10 queens in each replicate and carpenter ant efficacy data in 20 infested houses, within one year from the date of this registration.
3. Submit one year Storage Stability data (830.6317) within 18 months from the date of this registration.
4. Make the following changes to the label:
 - a. **Revise the EPA Registration Number to read, "EPA Reg. No. 8033-99".**
 - b. Delete "other nuisance ants" wherever they appear on the label.
 - c. For acute toxicity category IV, no Precautionary/First Aid statements are required (optional statements) but the "Harmful if swallowed or adsorbed through the skin" and wash after handling" statements (already on the label) are recommended.

There is no specific antidote. All treatment should be based on observed signs and symptoms of distress in the patient. Overexposure to materials other than this product may have occurred.	
For Information Regarding the Use of this Product Call 1-800-321-1FMC (1362).	

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For control of sweet- and grease-eating ants:
Acrobat, Argentine, big-headed, carpenter, cornfield, crazy, field, ghost, honey, little black, odorous house, pavement, pharaoh, pyramid, rove, thief, velvety tree, and other nuisance ants.

For indoor and outdoor use.

Place stations by ant trails or close to areas where ants are present in or near structures. Puncture (with pencil or pen tip) pre-cut hole in hinged end of station when ready for use. The hole may be 1/8 to 1/4 inch diameter. Place station so gel bait does not leak out. A second hole for ant access may be made on the unhinged end of the station.

Do not place stations in areas which have been recently sprayed with insecticide or contaminated with foggers, and do not spray insecticide over stations. If you have recently sprayed, remove the dead ants and thoroughly clean the area before placing stations.

Place stations where ants are seen or ant activity is suspected to occur near structures. (For carpenter ant colonies, locate nests and place stations near associated trails.) Place stations next to cracks, crevices, corners and any out of the way place, such as under and behind kitchen appliances, along baseboards, under sinks, in pantry, around pipes and water heater, window and doorframes, and in the garage, attic, or crawl space. Also place adjacent to walls, electrical lines, potted plants, waste receptacles, sensitive electronic equipment, inside drop ceilings and wall voids or anywhere ant problems occur. Do not place stations on food preparation surfaces when food is being handled or on utensils that are used for food preparation.

Likely locations for ants and station placements are areas where ants enter the building structure and areas with potential water damage including: wall voids, cracks and crevices in kitchen, bathroom, under sink, window sills, screen vents, garage, attic, and crawl spaces, eaves, soffits, weep holes, where wires and pipes come into the building structure, and trees, stumps, roots, wood decks, fences, planter boxes, woodpiles, landscaping, and railroad ties near structures. Extreme heat or cold, direct sunlight and water may reduce the residual effectiveness.

Inspect stations as needed. Place new stations in the same area if old stations are empty. Do not refill stations.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store in a cool, dry area out of reach of children.
DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Conditions of Sale and Limitation of Warranty and Liability

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions beyond the control of Nippon Soda Co., Ltd or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Nippon Soda Co., Ltd or Seller and Seller harmless for any claims relating to such factors. Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the Directions for Use when used in accordance with the directions under normal conditions of use. Nippon Soda Co., Ltd MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE SELECTION, PURCHASE, OR USE OF THIS PRODUCT. Any warranties, express or implied, having been made are inapplicable if this product has been used contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) seller or Nippon Soda Co., Ltd, and buyer assumes the risk of any such use.

To the extent allowed by law, Nippon Soda Co., Ltd or seller shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF FMC AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF FMC OR SELLER, THE REPLACEMENT OF THE PRODUCT. This Conditions of Sale and Limitation of Warranty and Liability may not be amended by any oral or written agreement.
