

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

May be harmful if swallowed. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist.

IF SWALLOWED: Get Medical Attention  
IF IN EYES: Flush eyes with Water for 15 Minutes and Get Medical Attention.  
IF ON SKIN: Wash Skin with Soap and Water

ENVIRONMENTAL HAZARDS

Do not allow solution or spray drift to contact desirable plants.  
Do not allow on or near desirable turf, valuable trees or other plants, or in area into which their roots may extend, or on slopes where "run-off" will move the chemical into the root areas of useful plants.  
Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste.

PHYSICAL HAZARDS

This product is corrosive to many metals. Keep away from such materials.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

NON-SELECTIVE CONTACT AND RESIDUAL VEGETATION KILLER is a ready-to-use weed and grass killer for general application to prevent vegetation growth on driveways, parking lots, walks, around fences, curbs, patios, buildings, and similar non-crop areas where plant growth is not desired.

This product can also be used around drainage ditch banks, fuel tanks, roadways, storage acres, machinery, pumps, guard rails, airports, military installations, highway medians, pipelines, railroads, lumberyards, industrial sites, light poles, fire hydrants, right-of-way or similar areas.

NON-SELECTIVE CONTACT AND RESIDUAL VEGETATION KILLER is also an effective control spray for control of: Woody perennials such as poison ivy, poison oak, and poison sumac. Perennials such as leafy spurge, bitter dock, goldenrod, perennial ragweed, milkweed, and blueweed. Annuals such as crabgrass, broomweed, chickweed, cocklebur, jimsonweed, lambsquarters, larkspur, prickly lettuce, ragweed and shepherds-purse.

NON-SELECTIVE  
CONTACT & RESIDUAL VEGETATION KILLER  
READY-TO-USE LIQUID

A CONTACT AND RESIDUAL DUAL ACTION  
NON-SELECTIVE WEED, GRASS, AND VEGETATION  
KILLER THAT MAKES SOIL BARREN.  
ALSO CONTROLS POISON IVY, POISON OAK AND  
OTHER WOODY PLANTS

ACTIVE INGREDIENTS:	
Sodium Chlorate (NaClO <sub>3</sub> )*	2.300%
Diquat dibromide (6,7-dihydrod-pyrido (1,2-a:2',1'-c) pyrazinedium dibromide)**	0.154%
INERT INGREDIENTS:	
	97.546%
TOTAL	100.000%

\*Equivalent to 0.196 lbs. of active ingredients per gallon  
\*\*Equivalent to 0.013 lbs. of active ingredient per gallon

Best results are obtained when applications are made during periods of moisture conditions and on clear days when the temperature is around 75° F. Avoid application in hot, dry weather, since the killing action of NON-SELECTIVE CONTACT AND RESIDUAL VEGETATION KILLER is through both the roots and the tops of plants, and therefore moisture is necessary after application to take the chemical into the soil to kill deep-rooted perennials. Fall application should be made in areas of 20 inches or less rainfall. The degree of control and duration of effect will vary with weed species, rainfall, temperature, and other conditions. By preventing weed growth early, you are decreasing the ever-present fire hazard that can become dangerous due to dead and dry vegetation.

HOW TO USE AS A SPOT TREATMENT: Adjust spray nozzle to give coarse spray and prevent drifting. Shake well and aim at center of vegetation and spray to wet. Best results are obtained when weeds and grass are small. One application may be sufficient. Effects begin to show after a few days and weed gradually die. A repeat application may be required in 3 - 4 weeks for hard to control weeds or if rain occurs within 24 hours following application.

1 quart controls	.....	15 sq. ft.
2 quarts controls	.....	30 sq. ft.
1 gallon controls	.....	60 sq. ft.
5 gallons controls	.....	300 sq. ft.

AS AN EDGING LIQUID: Shake well and uniformly spray 1 gallon per 60 square feet of soil surface or a strip 4 inches wide, 180 feet long. To make a 4 inch band hold applicator end about 6 inches from surface to be treated. To obtain wider band, raise container. Thoroughly wet all foliage and stems of undesired vegetation to insure contact action.

IMPORTANT: Do not use this product for controlling weeds in vegetable gardens, flower beds or around shrubs or ornamental plants.

STORAGE AND DISPOSAL

STORAGE: Keep from freezing. To be stored in original container and placed in an area inaccessible to children.

PESTICIDE DISPOSAL: Product remaining in original container should be disposed of by securely wrapping original container in several layers of newspapers and discarding in trash.

CONTAINER DISPOSAL: Do not reuse empty container. Discard empty container in trash.

NOTICE: Buyer assumes all risks of use, storage and handling this product not in strict accordance with directions given herein.

KEEP OUT OF REACH OF CHILDREN

CAUTION
