

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Harmful if swallowed. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Avoid contamination of feed and foodstuffs. Use as a space spray in food processing plants only when the plant is not in operation. Foods should be removed during treatment. All food surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation.

In hospitals, patients should be removed from room prior to treatment. Room should be ventilated for two hours after treatment. Do not return patients to room until after ventilation.

Remove pets, birds and cover fish aquariums before spraying.

**STATEMENT OF PRACTICAL TREATMENT**

**IF SWALLOWED:** Contact a physician or Poison Control Center immediately. Do not induce vomiting unless directed to do so by a physician.

**IF IN EYES:** Flush eyes with plenty of water. Contact a physician if irritation persists.

**IF ON SKIN:** Wash affected areas with plenty of soap and water.

**IF INHALED:** Remove victim to fresh air. Apply artificial respiration if indicated.

**ENVIRONMENTAL HAZARDS**

This pesticide is highly toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public water unless this product is specifically identified and addressed in a NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For most effective results, use in a good sprayer adjusted to deliver a fine mist for flying insects, a coarse spray for crawling insects.
