Mr. Edward Piranian
Safeguard Chemical Corporation
411 Wales Avenue
Bronx, NY 10454

Dear Mr. Jackson:

Subject: Amendment- Revise per Diazinon Registration Standard
5-11 Roach And Bug Killer
EPA Registration Number 8848-4
Your submission dated October 19, 1993

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, and a copy of a stamped label is enclosed for your records.

Please make the following revisions when preparing the actual finished label:

1. Replace the ENVIRONMENTAL HAZARDS section with "This pesticide is highly toxic top birds, fish, and other wildlife. Birds feeding or drinking on treated area may be killed. Keep out of lakes, streams, ponds, tidal marshes, and estuaries. Do not apply directly. Do not contaminate water by disposal.

2. Replace STATEMENT OF PRACTICAL TREATMENT with "If swallowed: Call a physician immediately. DO NOT INDUCE VOMITING UNLESS NO OTHER TREATMENT IS AVAILABLE. Vomiting may cause aspiration pneumonia. If it is necessary to induce vomiting, give victim one or two glasses of water and insert finger in back of throat. Do not induce vomiting or give anything by mouth if person is unconscious or convulsing. If inhaled: Remove victim to fresh air and apply artificial respiration if indicated. Get medical attention if irritation persists. If on skin: Wash promptly with soap and water. Get medical attention.

If in eyes: Rinse eyes with plenty of water and call a physician immediately.

3. Under DIRECTIONS FOR USE change "Federal Law" to "Federal law".

4. Replace NOTE with "1) Do not use this product indoors as an overall surface spray or as a space spray: take care not to introduce this product into the air during application. 2) Use only in well ventilated areas. 3) Do not apply where children are likely to frequently contact treated surfaces. 4) Remove or cover fish bowls and remove pets before application. 5) Do not treat pets or plants with this product. 6) Do not allow children or pets in treated areas until spray has dried. 7) If clothing is sprayed during application, remove clothing immediately after spraying and launder before wearing again. 8) Do not apply directly to carpets or floor coverings and avoid excessive wetting on asphalt tile, rubber and plastic materials because damage may occur. 9) Care should be taken to avoid spotting of walls, wall coverings, and fabrics. 10) Do not apply directly to upholstery or furniture. 11) Do not apply to areas, surfaces, or utensils which will contact food or feed. 12) Exposed food surfaces should be covered or removed during application. 13) All food processing surfaces and utensils should be covered during application and thoroughly washed with soap and water before use. 14) Do not use in conduits, motor housings or electrical switch boxes."

Your Confidential Statement of Formula (CSF) does not list the impurities of toxicological concern separately nor does it include the diazinon certification for FIFRA Sec. 12(a)(1)(C), that the description of this product refers to the composition set forth on the CSF and supporting materials as required by the Diazinon Registration Standard. Please check with your supplier in this regard and update your CSF accordingly.

Sincerely,

George T. LaRocca
Product Manager (13)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

5 - 11
ROACH AND BUG KILLER

Also Kills Ants, Silverfish And Certain
Other Crawling Insects

FOR INDOOR HOUSEHOLD USE ONLY

GUARANTEED TO SATISFY OR MONEY BACK.

ACTIVE INGREDIENTS:

Diazinon (0,0-diethyl-0-(2-isopropyl-6-methyl-4 pyrimidinyl)	
phosphorothioate.....	0.500%
Permethrins.....	0.250%
N-Octyl Bicycloheptene Dicarboximide.....	0.250%
*INERT INGREDIENTS:	<u>99.000%</u>
 TOTAL	 100.000%

***CONTAINS PETROLEUM DISTILLATE**

KEEP OUT OF REACH OF CHILDREN

CAUTION: CONTENTS UNDER PRESSURE.

See Additional Cautions & Directions On Back Panel.

Net Contents 12-3/4 Oz. (362 Gms.)

ACCEPTED
with COMMENTS
in EPA Letter Dated

SEP 27 1994

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

8848-1

CAUTION: COMBUSTIBLE MIXTURE
DO NOT USE NEAR FIRE OR FLAME
NYFD PERMIT NO. R249514

PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist. Do not smoke while applying this product. Wash thoroughly with soap and water after handling and before eating or smoking. May cause contact sensitization following repeated contact with skin. If sensitization reactions result, consult a physician. Remove contaminated clothing and wash before re-use.

ENVIRONMENTAL HAZARDS

Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply directly to water or to areas where surface water is present. Do not contaminate water by disposal.

PHYSICAL OR CHEMICAL HAZARDS

CAUTION: FLAMMABLE. CONTENTS UNDER PRESSURE. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting. DO NOT USE NEAR FIRE OR OPEN FLAME.

STATEMENTS OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: This product contains an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered but only in conjunction with atropine. This product contains petroleum distillate solvent which may present an aspiration hazard. Gastric lavage may be indicated if product was taken internally.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For spot application only. Do not use as a space spray.

Remove protective cap. Hold dispenser upright, point valve opening away from face, and about 8-10 inches from surface being treated. Aim nozzle, press plastic button to release spray. Apply spray covering 1 to 2 linear feet per second to infested cracks, crevices, baseboards and areas where the insects rest and hide. Moisten surface thoroughly, avoid running or streaking. Spray leaves an invisible film, that kills many insects crawling over it.

NOTE

Do not use this product indoors as an overall surface spray or as a space spray. Take care not to introduce this product into the air during application. Use only in well ventilated areas. Do not apply where children are likely to frequently contact treated surfaces. Do not treat pets or plants with this product. Remove pet and cover fish bowls before spraying. Do not apply when other persons are in the immediate area. Do not allow children or pets in treated areas until spray has dried. Do not use in commercial food processing, preparation, serving or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover or remove exposed food.

TO KILL ROACHES, WATERBUGS, SPIDERS, CRICKETS, SILVERFISH and certain other crawling insects - spray infested areas around refrigerators, under sinks, behind shelving, book cases and other hiding places; particularly infested cracks, crevices and baseboards. Repeat as necessary. Do not spray inside cabinets where food is stored. Discard infested food packages. Do not spray across top of stove or near pilot lights.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Store in a cool dry area away from heat or open flame.

DISPOSAL: Replace cap and discard containers in trash. Do not incinerate or puncture.
