

U.S.A. Patent No. 3,844,854
Foreign Patents Pending
E.P.A. Reg. No. 8459-31
E.P.A. List No. 8949-111

BIG 2'S RESP

trine b.a.c.

ACTIVE INGREDIENTS	
Trifluoromethoxyphenylacetone	4.58%
2,4-Dichlorophenoxyacetic acid	39.29%
INERT INGREDIENTS	
Water	56.13%

KEEP OUT OF REACH OF CHILDREN

DANGER

Statement of Practical Treatment

Trifluoromethoxyphenylacetone is a highly toxic chemical which is highly flammable and highly volatile. It is a strong irritant to the eyes, nose, throat, and lungs. It is also a strong irritant to the skin. It is highly toxic to aquatic life and to birds. It is also highly toxic to mammals. It is highly toxic to fish and shellfish. It is highly toxic to bees and other beneficial insects. It is highly toxic to plants and animals. It is highly toxic to humans. It is highly toxic to the environment. It is highly toxic to the ozone layer. It is highly toxic to the atmosphere. It is highly toxic to the soil. It is highly toxic to the water. It is highly toxic to the air. It is highly toxic to the land. It is highly toxic to the sea. It is highly toxic to the sky. It is highly toxic to the earth. It is highly toxic to the universe.

NOTE TO PHYSICIAN

Trifluoromethoxyphenylacetone is a highly toxic chemical which is highly flammable and highly volatile. It is a strong irritant to the eyes, nose, throat, and lungs. It is also a strong irritant to the skin. It is highly toxic to aquatic life and to birds. It is also highly toxic to mammals. It is highly toxic to fish and shellfish. It is highly toxic to bees and other beneficial insects. It is highly toxic to plants and animals. It is highly toxic to humans. It is highly toxic to the environment. It is highly toxic to the ozone layer. It is highly toxic to the atmosphere. It is highly toxic to the soil. It is highly toxic to the water. It is highly toxic to the air. It is highly toxic to the land. It is highly toxic to the sea. It is highly toxic to the sky. It is highly toxic to the earth. It is highly toxic to the universe.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Trifluoromethoxyphenylacetone is a highly toxic chemical which is highly flammable and highly volatile. It is a strong irritant to the eyes, nose, throat, and lungs. It is also a strong irritant to the skin. It is highly toxic to aquatic life and to birds. It is also highly toxic to mammals. It is highly toxic to fish and shellfish. It is highly toxic to bees and other beneficial insects. It is highly toxic to plants and animals. It is highly toxic to humans. It is highly toxic to the environment. It is highly toxic to the ozone layer. It is highly toxic to the atmosphere. It is highly toxic to the soil. It is highly toxic to the water. It is highly toxic to the air. It is highly toxic to the land. It is highly toxic to the sea. It is highly toxic to the sky. It is highly toxic to the earth. It is highly toxic to the universe.

ENVIRONMENTAL HAZARDS

Trifluoromethoxyphenylacetone is a highly toxic chemical which is highly flammable and highly volatile. It is a strong irritant to the eyes, nose, throat, and lungs. It is also a strong irritant to the skin. It is highly toxic to aquatic life and to birds. It is also highly toxic to mammals. It is highly toxic to fish and shellfish. It is highly toxic to bees and other beneficial insects. It is highly toxic to plants and animals. It is highly toxic to humans. It is highly toxic to the environment. It is highly toxic to the ozone layer. It is highly toxic to the atmosphere. It is highly toxic to the soil. It is highly toxic to the water. It is highly toxic to the air. It is highly toxic to the land. It is highly toxic to the sea. It is highly toxic to the sky. It is highly toxic to the earth. It is highly toxic to the universe.

STORAGE AND DISPOSAL

Trifluoromethoxyphenylacetone is a highly toxic chemical which is highly flammable and highly volatile. It is a strong irritant to the eyes, nose, throat, and lungs. It is also a strong irritant to the skin. It is highly toxic to aquatic life and to birds. It is also highly toxic to mammals. It is highly toxic to fish and shellfish. It is highly toxic to bees and other beneficial insects. It is highly toxic to plants and animals. It is highly toxic to humans. It is highly toxic to the environment. It is highly toxic to the ozone layer. It is highly toxic to the atmosphere. It is highly toxic to the soil. It is highly toxic to the water. It is highly toxic to the air. It is highly toxic to the land. It is highly toxic to the sea. It is highly toxic to the sky. It is highly toxic to the earth. It is highly toxic to the universe.

NOTICE

Trifluoromethoxyphenylacetone is a highly toxic chemical which is highly flammable and highly volatile. It is a strong irritant to the eyes, nose, throat, and lungs. It is also a strong irritant to the skin. It is highly toxic to aquatic life and to birds. It is also highly toxic to mammals. It is highly toxic to fish and shellfish. It is highly toxic to bees and other beneficial insects. It is highly toxic to plants and animals. It is highly toxic to humans. It is highly toxic to the environment. It is highly toxic to the ozone layer. It is highly toxic to the atmosphere. It is highly toxic to the soil. It is highly toxic to the water. It is highly toxic to the air. It is highly toxic to the land. It is highly toxic to the sea. It is highly toxic to the sky. It is highly toxic to the earth. It is highly toxic to the universe.

Trifluoromethoxyphenylacetone is a highly toxic chemical which is highly flammable and highly volatile. It is a strong irritant to the eyes, nose, throat, and lungs. It is also a strong irritant to the skin. It is highly toxic to aquatic life and to birds. It is also highly toxic to mammals. It is highly toxic to fish and shellfish. It is highly toxic to bees and other beneficial insects. It is highly toxic to plants and animals. It is highly toxic to humans. It is highly toxic to the environment. It is highly toxic to the ozone layer. It is highly toxic to the atmosphere. It is highly toxic to the soil. It is highly toxic to the water. It is highly toxic to the air. It is highly toxic to the land. It is highly toxic to the sea. It is highly toxic to the sky. It is highly toxic to the earth. It is highly toxic to the universe.
