

## HOW TO USE OUTDOOR DOG REPEL

Spray nozzle should not be closer than 15" from object. Spray with rapid sweeping motion and use sparingly. Do not wet plants excessively. Never spray directly on vegetables or tender plants; spray only in areas your dog should avoid.

Outdoor Dog Repel should be sprayed outdoors only. Dogs will avoid sprayed areas, if you use Outdoor Dog Repel with your firm vocal order backed by disciplinary action. Use Outdoor Dog Repel on shrubs, trees, grass edges, garbage cans, tires, fences, etc.

Active ingredients:	Oil of Lemongras	7.00%
	Allyl isothiocyanate	10%
Inert ingredients		92.90%
	Total	100.00%

### CAUTION: INFLAMMABLE CONTENTS UNDER PRESSURE

Avoid exposure to heat. Do not store over 110° F. Do not use near open flame or hot surface in incandescent container.

### KEEP OUT OF REACH OF CHILDREN

Do not spray in eyes or mouth. If in case of spraying, flush with water.
