Bug Boss RESIDUAL ANT & ROACH KILLER

**Kills Insects on Contact
Odorless**

**Kills Roaches, Ants, Palmetto Bugs, Fleas, Brown
Dog Ticks, Spiders, Silverfish, Crickets, Waterbugs,
Centipedes, Scorpions, Sowbugs, Earwigs, Flies,
Mosquitos, Gnats, Wasps, Hornets, Muddaubers,
Carpet Beetles**

KILLS FOR 15 DAYS

ACTIVE INGREDIENTS:	
2-(Methylethoxy) phenol methycarbamate	0.665%
2,2-dichlorovinyl dimethyl phosphate	0.279%
Related Compounds	0.021%

INERT INGREDIENTS	99.035%
	100.000%

E.P.A. Reg. No. 9444-68

E.P.A. Est. No. 9444-LA-1

KEEP OUT OF REACH OF CHILDREN

CAUTION:

(See additional precautionary statements on back panel.)

Net Weight 11 oz.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Avoid inhalation and skin contact; wash thoroughly after using and before eating or smoking. Avoid contamination of food and foodstuffs. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not spray on or toward plastic tile. Do not use in serving areas while food is exposed. Do not use on household pets or humans. Do not allow children or pets in treated areas until surfaces are dry.

STATEMENT OF PRACTICAL TREATMENT

If swallowed - Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. **DO NOT INDUCE VOMITING.** Vomiting may cause aspiration pneumonia. If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated. If on skin - Remove contaminated clothing and wash affected areas with soap and water. If in eyes - Flush eyes with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Birds and other wildlife feeding in treated areas may be killed. Do not apply directly to water. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not incinerate. Wrap container and put in trash collection.

FOR HOME USE

To operate: Hold can upright and spray infested surfaces only until wet.

Roaches, Waterbugs, Silverfish, Palmetto Bugs, Spiders, Centipedes, Crickets: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray walls wet, surfaces behind and beneath cabinets, refrigerator, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

Ants: Apply to ant trails and around door sills, window frames and other places where ants may enter. Repeat treatment as necessary.

Carpet Beetles: Make localized application to areas of the floor and baseboard. Spray directly into cracks and under carpets where these insects may be found. Treat crevices, cracks, or closets and infested areas of shelving. Repeat as necessary.

Brown Dog Ticks: Thoroughly spray infested areas around baseboard, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor covering. Applications should be repeated as infestations warrant and as reinfestation occurs. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

Sowbugs, Earwigs, Scorpions: Spray window and door sills and other points of entry. Outside only. Treat surfaces of buildings and garages where these pests hide or congregate.

Wasps, Hornets, Muddaubers: Apply a wet spray to the nests in the late afternoon or early evening when these pests are at rest.

Flies, Mosquitos, Wasps and Small Flying Moths Outdoors: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages or other places where these insects might congregate.

Flies, Chiggers, Attached Brown Dog Ticks Outdoors: For treatment of localized outdoor infestations spray weeds and non-crop vegetation in areas around the house. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestation occurs.

Not intended for indoor flea control.

Bayer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
