UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTER-
ED UNDER NO. SUBJECT
TO ATTACHED COMMENTS.

DIRECTIONS FOR USE:

Ants-Lawns, Ornamental Turfs. Mix 1 teaspoon Chlordane-45 in 1 quart water. Sprinkle or spray on lawns; saturate nests thoroughly. Or mix 2 tablespoons in 5 gallons water and apply over 1,000 sq. ft. area. Keep children and pets off treated areas until material is watered into the soil and grass is dry.

Indoors: 1 oz. (2 tablespoons) in 1 1/2 pints water. Apply thoroughly with brush, or as coarse wet spray to infested surfaces, cracks, ant-trails, areas around doors, window sills, waterpipes, heat ducts, electrical outlets, baseboards, where ants enter premises. Repeat treatment as needed.

LAWN INSECTS, SOIL INSECTS: Add amount Chlordane-45 indicated in 5 gallons water and spray or sprinkle over 1,000 sq. ft. area. Ants (see above); Chiggers, 7 teaspoons to 5 gal. water for 1,000 sq. ft. area; Cut Worms, Mole Crickets, Ticks, (3 tablespoons); Earwigs (6 tablespoons); Japanese Beetle Grubs (1/2 pint); White Grub Wireworms (4 oz. to 1/2 pint); Chinch Bugs, Sod Webworms, Lawn Moths (4 oz.). For Earwigs spray also around fences, house foundations, refuse and compost piles. Don't water treated areas for 48 hours. For Japanese Beetle Grubs, White Grubs, water thoroughly after treatment. Chiggers and Chinch Bugs, apply coarse wet spray to lawns and shrubbery, also Chinch bugs, make application to window and door frames and other points of entry. For Sod Webworm water lawn thoroughly before treatment; don't water again for several days after treatment. Birds feeding on treated areas may be killed.

CAUTION:

Harmful if swallowed. Repeated or prolonged contact with skin can cause toxic symptoms. Avoid breathing spray mist. In case of contact with skin wash thoroughly with soap and water. Avoid contamination of feed or foodstuffs. Keep out of reach of children! Keep children and pets off treated areas until material is washed into soil and grass is dry.

GARDEN AND AGRICULTURAL PESTS: Ornamental trees: Use 1 teaspoon Chlordane-45 in 1 qt. water or 1 oz. in 1 1/2 gallons. For large scale use apply 1 qt. per acre in 100 gallons water. Spray thoroughly to control armyworms on corn, oats, wheat, (do not spray after heads begin to form); Thripes on onions (do not use on green onions); spittlebugs, strawberry crown borer, strawberry weevil on strawberries (do not apply to strawberries after fruit begins to form); grasshoppers, thripes, on gladiolus, other flowers, ornamental; box-elder bug nymphs on trees (for adults use 2 oz. in 1 qt. water or 1/2 pint in 1 gallon.

**NATIONWIDE
EXTERMINATING**

USDA REG. No. 9591-6

**45% CHLORDANE
EMULSION 45 CONCENTRATE**

For Lawns, Soils, Crops, Flowers, Homes

Kills: Ants, Chiggers, Chinch Bugs, Earwigs, Japanese Beetles, Grubs, Armyworms, Grasshoppers, Thrips, Spittlebugs, Box-Elder Bugs, Roaches, Termites, Waterbugs.

Active Ingredients:

| | |
|------------------------------|------|
| *Technical Chlordane | 45% |
| Petroleum Hydrocarbons | 45% |
| Inactive Ingredients | 10% |
| Total | 100% |

*Equivalent to 27% Octachloro-4, 7-Methanotetrahydroidane and 18% related compounds.

Contains 1 pound Technical Chlordane per qt.

~~Alfalfa Pests: To control alfalfa weevil apply 1 qt. Chlordane-45 per acre. For tygus Bugs use 1 1/2 to 2 quarts per acre.~~

HOUSEHOLD PESTS: Use 1 oz. (2 tablespoons) Chlordane in 1 1/2 pints of water. For Ants (see section on Ants). For Roaches, Waterbugs, Silverfish, Spiders, use as coarse wet spray or apply thoroughly with brush to infested cracks, surfaces, and hiding places where insects are known to crawl, such as darkened areas, along waterpipes, baseboards, and infested areas on floors and shelves in closets, undersides of bookshelves, around storage areas, lavatories, sinks.

For Carpet Beetles in premises apply only to areas around baseboards, in cracks, and under carpets where these insects are known to frequent. Apply to closet shelves if necessary. Repeat treatment as needed.

TERMITES: Mix 1 to 2 quarts Chlordane-45 in 25 gallons water. Dig trench next to foundation wall 30 inches deep by 5 to 6 inches wide, but not below the top of the footing and apply 1 gallon Chlordane mix per linear foot of trench. Inspect annually for reinfestation.

CAUTION:

Alfalfa, corn, wheat, oats: Do not feed treated forage to dairy animals or animals being finished for slaughter. Do not allow grazing treated forage. Do not reuse empty container. Destroy by crushing or perforating and dispose of in safe place. This product is toxic to fish and wildlife. Keep out of lakes, streams and ponds. Apply this product only as specified on this label.
