**CAUTION**  
 Harmful if swallowed.  
 See reverse side for additional precautions.

**... DIRECTIONS FOR USE**  
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

NET CONTENTS

This ready-to-use insecticide may be dispersed through conventional thermal, mechanical or compressed air fogging or spraying equipment.

To control ADULT MOSQUITOES and GNATS: Apply as a fog of fine mist at a rate of 1 to 2 gallons per acre (1.1 to 2.2 fluid ounces per 1000 square feet), filling the entire area with vapor. For best results, treat when the wind velocity does not exceed 5 miles per hour. Application in the evening or early morning is recommended. Treat area thoroughly with particular attention to low or marshy locations, shore lines, stagnant pools or ponds and vegetation where mosquitoes may rest. Repeat treatment as necessary, usually once or twice a week.

Using mobile or truck-mounted equipment, the above application rate will result when traveling at a speed of 5 m.p.h. If a 300 foot wide swath is treated with insecticide dispersed at a rate of from 69 to 138 gallons per hour.

FLIES AND MOTHS, OUTDOORS: Fill area with fog or mist to kill flies and small flying moths (millers). Repeat treatment as necessary, usually once or twice a week.

TEMPORARY REDUCTION OF ANNOYANCE: The aforementioned applications for mosquitoes, gnats, flies and moths will afford temporary reduction of annoyance from these pests in public gathering places such as parks and open sports stadiums. Application should be made prior to attendance.

ANTS, SPIDERS, CRICKETS, ROACHES, AND BOXELDER BUGS: To control crawling insects, direct a coarse spray at the insects and infested areas applying enough to wet the surface without any run-off of the spray. Repeat after 2 to 4 weeks, or as needed.

TERM OF ISSUANCE		
NAME OF PESTICIDE PRODUCT 1/2 Kill Mosquito Forging Insecticide		
NAME AND ADDRESS OF REGISTRANT (include ZIP code) National Chemical Products, Inc. P.O. Box 3022 Hamilton, OH 45013		
NOTE: Changes in labeling formulas differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.		
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.		
Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:		
1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.		
2. Make the labeling changes listed below before you release the product for shipment:		
a. Add the phrase "EPA Registration No. 9591-93".		
b. Delete the phrase "Harmful if Swallowed" on the front panel.		
c. Use (5) copies of your final printed labeling before your release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.		
If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.		
A stamped copy of the label is enclosed for your records.
