PRECAUTIONARY STATEMENTS
CAUTION
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

May be harmful if swallowed. May be absorbed through skin. Harmful if inhaled. Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Wash hands, arms, and face thoroughly with soap after handling and before eating or smoking. Routinely shower or bathe after working and wash all clothing with soap and hot water before re-use. During exposure in seed treatment and loading operations, wear goggles, clean synthetic rubber gloves, protective clothing, and a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the U. S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR part 11. Avoid contamination of feed and foodstuffs. Do not store with food. Do not store with feed or forage to be fed in dairy animals being finished for slaughter. Treated seed must not be used for or mixed with food or animal feed, or processed for oil. Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Do not store treated seeds beyond planting time. Seed commercially treated with this product must be labeled in accordance with all applicable requirements of the Federal Seed Act.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Exposed treated seeds may be hazardous to birds and other wildlife. Dispose of all excess treated seeds by burial away from bodies of water. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply the product only as specified on this label.

PHYSICAL OR CHEMICAL HAZARDS

Do not store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

STORAGE

Store in a cool, dry location away from children, animals foods, feeds, seeds, or other agricultural chemicals. Do not store in direct sunlight or allow to freeze. Protect from excessive heat. Handle in accordance with information given under "Precautionary Statements". In the event of spillage or leakage, scrape up and dispose of in accordance with information given under "DISPOSAL." Repackage and relabel useable product in a sound container. In case of fire or other emergency, report at once by toll-free telephone to 800-424-9300.

DISPOSAL

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL: Plastic Containers-Triple rinse (or equivalent). Then offer for recycling or reconditioning, on puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

GENERAL INFORMATION

Riverside Maneb Plus Lindane is a special seed treatment formulation of maneb and lindane which, when used in accordance with label directions, protects crops against certain soil-borne diseases such as stinking smut of wheat, oat smut, covered and false loose smut of barley, and bunt of rye. It also gives temporary protection to cereal crops, corn and soybeans against certain soil-borne diseases such as roct rot, seedling blight and temporary protection of seeds and seedlings against wireworms.

Wheat, Barley, Oats, Rye: Use 2 oz. per bushel.
Flax: Use 4 oz. per bushel.
Corn, Soybeans: Use 2-3/4 to 3 oz. per bushel.

Mix thoroughly into the seed.

- (1) Place and level one-half of the seed in the drill or planter box and sprinkle one-half of the total rate required (for the full planter box) uniformly on or under the surface of the seed. Mix the remaining one-half of the powder on or under the surface and mix again until all streaking has disappeared and coloring of seed appears uniform. DO NOT MIX WITH HANDS.
- (2) Dribble the required amount of product onto each bushel of seed as it is poured into the drill box and mix with a paddle until uniform. For maximum benefits, avoid very deep seeding and exceptionally early sowing under poor conditions for maximum benefits. Use only recommended rates. Seed should be well cured, dry and clean before treatment.

NOTICE: RIVERSIDE/TERRA CORPORATION warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to RIVERSIDE/TERRA CORPORATION and buyer assumes the risk of any such use. RIVERSIDE/TERRA CORPORATION shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
