

NATIONAL'S CHUTE INSECTICIDE-DEODORANT

Active Ingredients:

o-Isopropoxyphenyl methylcarbamate* 1.00%
Petroleum distillate 84.00%

Inert Ingredients: 15.00%

*Baygon—U.S. Patent No. 3,111,539, used under license from Chemergro Corporation.

Chute is a highly effective, ready-to-use formulation developed especially for insect and odor control in garbage chutes. Also ideal for use in garbage compactors. Kills insects listed below.

Kills: Cockroaches, Ants, Crickets, Centipedes, Flies, Gnats, Silverfish, Earwigs and Spiders.

DIRECTIONS FOR USE

Apply with a low-pressure sprayer equipped with a coarse spray nozzle. Spray surfaces only until wet. Avoid excessive run-off. Repeat treatment as necessary.

RESTRICTIONS

Do not use as a space spray. Provide adequate ventilation of area being treated. Do not allow children to contact treated areas until surfaces are thoroughly dry. Do not store near feed or food products. Avoid contamination of feed, food, food processing equipment, and food handling surfaces. Do not apply to animals. Remove pets and cover fish bowls before spraying. Do not spray plants. Avoid breathing spray mist.

This product is toxic to fish, birds and other wildlife. Birds feeding on treated areas may be killed. Apply product only as specified on this label. Do not re-use container . . . destroy when empty. Do not contaminate water by cleaning of equipment, or disposal of wastes.

CAUTION: KEEP OUT OF THE REACH OF CHILDREN

May be harmful if swallowed, inhaled, or absorbed through the skin. Do not get in eyes, on skin, or on clothing. In case of contact, wash immediately with soap and warm water. Wash hands, arms, and face thoroughly with soap and water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use. Do not use, pour, spill or store near heat or open flame.

Should illness occur, get prompt medical aid.

To physician—Atropine sulfate is antidotal.
EPA Reg. No. 10133-6
