EPA Reg.

10182-423

Date of Issuance:

NOV 24 1997

Term of Issuance:

Conditional

Name of Posticide Product:

BP-1007 Film Fungicide

Name and Address of Registrant (include ZIP Code):

Mark E. Burt

Zeneca Inc.

1800 Concord Pike

Wilmington, DE 19850-5457

Nota: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to the use of the label in commerce. In any correspondence on this product always refer to the above EPA regulation number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

- Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
- 2. Revise the EPA Registration Number to read, "EPA Reg. No. 10182-423".
- Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. BP-1007 Film Fungicide is a fungicide and algicide for the protection of aqueous-based surface coatings. The specific types of aqueous-based surface coatings or latex paints in which BP-1007 may be used are: acrylics; PVA (polyvinyl alcohol); styrene; or paints containing a combination of these polymers. Concentrations of BP-1007 ranging from 0.5% - 5.0% (based on weight) may be used. Do not exceed the maximum use rate of 5.0%.

See the BP-1007 Film Fungicide Technical Information Bulletin for additional information.

#### STORAGE AND DISPOSAL

**PROHIBITIONS** - Do not contaminate water, food, or feed by storage and disposal. Open dumping is prohibited.

STORAGE - Protect from frost. If frozen, allow to thaw and stir well before use.

PESTICIDE DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
