Subject: Amended Reregistration Label
Product Name: 862 Industrial Insecticide Spray
EPA Registration Number: 10900-49
EPA Decision Number(s): 410330, 412493

Dear Ms. Zajac:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the **Pyrethrin and Piperonyl butoxide (PBO) RED(s)**, and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statement of Formulation (CSF) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 11/11/2011
- Alternate CSF A, dated 11/11/2011

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Autumn Metzger at (703) 305-5314 or via e-mail at metzger.autumn@epa.gov

Sincerely,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

Enclosures: Label stamped "Accepted," dated
Acute Toxicity Review, dated 12/19/2011
Product Chemistry Reviews, dated 3/7/2011, 11/29/2011, 3/20/2012

862 Industrial Insecticide Spray

Low Dose Required

For Use in Schools, Hospitals, Institutions, Hotels, Dairies, Supermarkets, Restaurants,
Drive-Ins, Motels, Drugstores, Food Plants and Animal Quarters

Provides Rapid Control of Flies, Mosquitoes, Flying Moths (Millers), Gnats, Wasps and
Accessible Stages of Roaches, Ants, Water Bugs, Silverfish, Flour Beetles, Grain Mites and Spiders

Active Ingredients:

Pyrethrins	0.4%
Piperonyl butoxide*	2.0%

Other Ingredients**	97.6%
Total	100.0%

*(butylcarbityl)(6-propylpiperonyl) ether and related compounds

**Contains petroleum distillate

EPA Reg. No. 10900-49

EPA Est. 10900-OH-1, 33915-MI-1

Refer to bottom of container for production facility

**Keep Out of Reach of Children
CAUTION**

See back panel for First Aid and additional Precautionary Statements.

Net Contents: _____ fl. oz. (_____ g)

{Back Panel}

First Aid

If Swallowed:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
If Inhaled:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to mouth, if possible. • Call a poison control center or doctor for treatment advice.
If In Eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice
If on Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Cal a poison control center or a doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for a treatment. For additional information on this pesticide product (including health concern, medical emergencies or pesticide incidents), you may call the National Pesticide Information Center at 1-800-858-7378.

Note to Physician: Contains petroleum distillates - vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing, Avoid breathing vapor or spray mist. Causes moderate eye irritation.

Personal Protective Equipment (PPE)

Applicators must wear the following: Long-sleeved shirt, long pants, shoes and socks.

User Safety Requirements

Follow manufacturers' instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations

Users should: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet; remove clothing/PPE immediately if pesticide gets inside, then wash thoroughly and put on clean clothing; remove PPE immediately after handling this product; wash the outside of gloves before removing; and as soon as possible, wash thoroughly and change into clean clothing.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake Before Using and at Frequent Intervals During Prolonged Use

Hold container upright with nozzle away from you. Press valve down and spray as directed. To avoid possible staining of fabrics or surfaces, do not spray at close range.

Restrictions

- When used as a surface spray, do not allow adults, children or pets to enter the treated area until sprays have dried.
- When used as a space spray:
 - Do not allow adults, children or pets to enter the treated area until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated;
 - Do not apply this product in a way that will contact workers or other persons either directly or through drift;
 - Only protected handlers may be in the area during application; do not remain in treated area;
 - Exit area immediately and remain outside the treated area until aerosols, vapors and/or mists have dispersed.
- For indoor uses:
 - Remove or cover exposed food and drinking water before application;
 - Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use;
 - Remove pets and birds, and cover fish aquariums before spraying.
- When used in dairy barns or facilities:
 - Close bulk milk lids to prevent contamination from spray and from dead or falling insects;
 - Remove or cover milking utensils before application;
 - Wash animals' teats before milking.
- When used in food handling or food processing facilities:
 - Do not make space spray applications when facility is in operation;

- o Prior to space spray applications, cover or remove food and cover food processing surfaces or clean after treatment and before use.
 - Do not use in aircraft.
 - Do not apply directly into sewers or drains or to any area like a gutter where drainage to storm sewers, water bodies or aquatic habitat can occur.
 - Do not allow the product to enter any drain during or after application.
 - Do not wet articles to the point of runoff or drip; do not use treated articles until spray has dried.
 - Not for use in outdoor residential misting systems.
 - Do not use in residential sites and non-commercial barns/stables.
- {Bulleted format is preferred; however, market label space limitations may dictate a paragraph format.}*

Flies, Flying Moths (Millers), Gnats, Mosquitoes and Wasps: Close all doors and windows and spray at the rate of 1 second per 1000 cubic feet. Direct spray to all parts of the room, especially windows and other light sources that attract these insects. Keep nozzle in constant motion. Keep room closed for 10 to 15 minutes after treatment.

Centipedes, Crickets, Roaches, Silverfish, Sowbugs, Spiders and Waterbugs: Spray into hiding places such as cracks and crevices behind sinks, cabinets, along baseboards and floors and around drains and plumbing, hitting insects with spray whenever possible.

Ants: Spray trails, nests and points of entry. Spray ants where possible.

Angoumois Grain Moths and Indian Meal Moths: Close doors and windows. Direct spray into all parts of room especially around stored food product containers, pallets and darkened areas. Spray 7 to 10 seconds for each 100 square feet of space. Keep area closed for 15 minutes following treatment.

Carpet Beetles: Spray directly on beetles, baseboards, floors, shelves and carpets.

Confused Flour Beetles, Grain Mites, Granary Weevils, Red Four Beetles, Rice Weevils and Saw-toothed Grain Beetles: Spray into cracks and crevices, around processing/handling equipment, cartons or containers and other areas where these insects tend to congregate. Spray 30 seconds for each 100 square feet of surface. Keep area closed for 45 minutes to 1 hour after treatment.

Lice: Spray on mattresses, furniture, floors, carpeting and inanimate surfaces. First spray an inconspicuous area to test for possible staining or discoloration; inspect after drying, then proceed to spray entire area to be treated. Hold can upright with nozzle away from you. Press button and spray surface to be treated from a distance of 10 inches. Spray each square foot for 3 seconds, directing spray into all infested surfaces until moist. **For mattresses, furniture and carpeting:** Direct spray into all folds, tucks, seams and crevices of infested areas until moist. Allow all treated surfaces to dry completely before use. Do not treat pillows, bedding or clothing. Remove linens and wash before reuse. Allow treated mattresses to thoroughly dry before remaking bed.

Bedbugs: Spray mattresses, particularly around tufts and seems. Take beds apart and spray into all joints. Treat baseboards, moldings and frames. Do not treat pillows, bedding or clothing. Remove linens and wash before reuse. Allow treated mattresses to thoroughly dry before remaking bed.

Fleas: Spray sleeping quarters, bedding, floor and floor covering where pets are kept. Do not spray pets. Repeat as necessary. Prior to allowing pets into treated area, treat pets with a flea control product registered for use on pets.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Do not store near heat or open flame. Store in cool, dry (preferably locked) area inaccessible to children and pets. Do not transport or store below 32°F. Protect from freezing. [Do not freeze.] **Pesticide Disposal:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. **Container Handling:** Do Not Incinerate or Puncture! **If empty:** Offer for recycling if available; otherwise, discard in trash. [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.] **If partly filled:** Call your local solid waste agency for disposal instructions.

Important Note: To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
