UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

JAN 25 1995

Nancy R. Robey  
Dymon, Inc.  
3401 Kansas Avenue  
Kansas City, Kansas 66106

Dear Ms. Robey:

SUBJECT: Label Amendment  
B-145 Weed Killer  
EPA Registration No. 11694-10  
Your Correspondence Dated January 26, 1994

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, is acceptable with the following provisions:

1. Under the Precautionary Statements, in the "Caution" section, remove the second paragraph, that begins with "A mechanical system (probe and pump)...". This statement already appears under the "General Classification" section of the label.
2. Under the General Classification section, in the "Protective Clothing" statement, add the following statement: "Persons who engage in open pouring of this product must also wear coveralls or a chemical-resistant apron."

A stamped copy is enclosed for your records. Please submit one (1) final printed copy of the referenced label incorporating the above changes, before releasing the product for shipment.

Sincerely yours,

Joanne I. Miller  
Product Manager (23)  
Fungicide-Herbicide Branch  
Registration Division (7505C)

**PRECAUTIONARY STATEMENTS**  
Hazards to Humans and Domestic Animals  
**CAUTION**

Contains petroleum distillates. Harmful if swallowed. Avoid contact with eyes and skin. Avoid inhalation of spray mist. Avoid contamination of food and feed. Remove and wash contaminated clothing before reuse.

A mechanical system (probe and pump) must be used for transferring the contents of this container. If the contents of a non-refillable pesticide container are emptied, the probe must be rinsed before removal.

Wash hands, face and arms with soap and water as soon as possible after mixing, loading, or applying this product. Wash hands, face and arms with soap and water before eating, smoking or drinking. Wash hands and arms before using the toilet. After work, remove all clothing and shower using soap and water. Do not reuse clothing worn during the previous day's mixing and loading or application of this product without cleaning first. Clothing must be kept and washed separately from other household laundry. Remove saturated clothing as soon as possible and shower.

**STATEMENT OF PRACTICAL TREATMENT**

In case of skin contact, wash with soap and water. In case of eye contact, flush eyes with plenty of water. Get medical attention if irritation persists. If ingested do not induce vomiting. Get immediate emergency medical attention.

**ENVIRONMENTAL HAZARDS**

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and non-target plants. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use or store near heat or open flame.

**STORAGE AND DISPOSAL**

**Storage:** Keep containers tightly sealed when not in use. Store containers indoors and in a dry area. Keep from freezing. Use from original container only. Do not store near fertilizers, seeds, insecticides or fungicides.

**Pesticide Disposal:** Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law and may contaminate ground water. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**General:** Consult federal, state or local authorities for approved alternative procedures.

# B-145 WEED KILLER

**ACTIVE INGREDIENTS:**

2, 4-Dichlorophenoxyacetic acid,  
2-ethylhexyl ester\* ..... 1.0%  
Bromacil (5-bromo-3-sec-butyl-  
6-methyluracil) ..... 0.9%

**INERT INGREDIENTS\*\*:** ..... 97.9%  
Total 100.0%

\*2, 4-Dichlorophenoxyacetic acid equivalent... 0.7%  
\*\*Contains petroleum distillates

**This product contains:**

35.4 grams of 2-Ethylhexyl ester of 2, 4-D per gallon  
31.9 grams of Bromacil per gallon of product.

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

ACCEPTED  
COMMENTS  
In EPA Letter Dated

JAN 25 1995

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended for the pesticide  
registered under EPA Reg. No.

11674-43

# B-145 WEED KILLER

**DIRECTIONS FOR USE** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### GENERAL CLASSIFICATION

To control most weeds and grasses for extended periods on areas such as industrial plant sites, parking lots, loading ramps and around storage buildings, apply 1 to 4 gallons of product per 1000 square feet, after the most predominant weeds have emerged. No agitation is required. The product can be applied with standard spray equipment. For treating small areas, a tank-type hand sprayer or sprinkling device may be used.

**Groundwater Contamination:** Most cases of groundwater contamination involving phenoxy herbicides such as 2, 4-D have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2, 4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

**Protective Clothing:** When mixing, loading, or supplying this product or repairing or cleaning equipment used with this product, wear eye protection (face shield or safety glasses), chemical-resistant gloves, long sleeved shirt, long pants, socks and shoes. For applicators applying this product from a tractor that has a completely enclosed cab, eye protection is not required.

**Note:** Users should consult State Agricultural Experiment Stations or Extension Service Weed Specialists for recommendations as to use of product in their particular area.

**Important:** Do not permit this product to contact crops or susceptible plants, such as cotton, beans, peas, grapes, flowers, fruit trees, ornamentals, or others which could be damaged by the product. Keep spray from drifting to susceptible plants (coarse sprays are less likely to drift). Vapors from this product may injure susceptible plants in the immediate vicinity. Do not apply to areas underlaid by roots of desirable trees and shrubs. Thoroughly clean spray equipment with a suitable chemical cleaner before using the equipment for other purposes.

A mechanical system (probe and pump) must be used for transferring the contents of this container. If the contents of a non-refillable pesticide container are emptied, the probe must be rinsed before removal.

For Commercial/Industrial Use Only.
