**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**CLEANING:** To clean lightly soiled surfaces mop or brush with a solution containing 2 ounces of STERI-ZONE DISINFECTANT in a gallon of water. For heavily soiled use 4 ounces of STERI-ZONE DISINFECTANT in a gallon of water.

**GENERAL PURPOSE DISINFECTANT FOR NON HEALTH CARE FACILITIES SUCH AS HOMES AND SCHOOLS:** Painted walls, floors, ceilings, metal, glass, tile, porcelain, plastic and wood-frame surfaces are disinfected by mopping or brushing with a solution of STERI-ZONE DISINFECTANT containing 2 ounces to the gallon of water. Very heavily soiled surfaces should be cleaned with STERI-ZONE DISINFECTANT and then disinfected—a double treatment.

Locker rooms, shower stalls, swimming pool walkways and other areas where fungicide control is indicated mop with a solution containing 4 ounces of STERI-ZONE DISINFECTANT in a gallon of water to kill Trichophyton (the fungus that causes athlete's foot).

**SANITIZATION:** To sanitize, wipe and floors in food processing plants the surfaces thoroughly by mopping with a solution containing 4 ounces of STERI-ZONE DISINFECTANT in a gallon of water and then rinse with a solution containing 1 ounce of STERI-ZONE DISINFECTANT in a gallon of water.

**DEODORIZING:** STERI-ZONE DISINFECTANT reliably deodorizes bathroom areas, garbage cans, kennels and all places where mold odors are likely to develop. An effective spray of a solution containing 8 ounces of STERI-ZONE DISINFECTANT in a gallon of water deodorizes and decontaminates dairy food establishments, toilet rooms, theaters, schools, and institutions, public buildings, churches and similar areas. Toilet rooms and urinals are freed of mercuric by pouring a quart of STERI-ZONE DISINFECTANT solution (5 ounces to the gallon) into each stall.

**MILDEW:** To kill mildew on hard surfaces such as walls and ceilings in homes, institutions, buildings, closets, recessed casements, on covered surfaces of metal, plastic, tile and similar uses surface should be cleaned with 8 ounces of STERI-ZONE DISINFECTANT in 8 ounces of water and mop onto the contaminated surface. Repeat every 8 weeks.

**GENERAL:** STERI-ZONE DISINFECTANT is an elegant purpose antibacterial and antifungal and mildew and mold detergent for use on hard surfaces in homes, restaurants, schools, food processing plants, and wherever antibacterial and antifungal activity should be effectively controlled.
