A Division of Airwick Industries, Inc.  
Commerce Rd., Carlstadt, N.J. 07072

EPA Est. No. 5590-CT-1

ACCEPTED

**Kills flying and crawling insects.**  
**CAUTION.** Keep Out Of Reach Of Children.  
See side panel for further cautions.

**DIRECTIONS:** Remove protective cap. Hold dispenser upright and aim spray opening away from you. Press button to release mist.  
**FOR FLYING INSECTS:** (Small flying insects—Flies, gnats, mosquitoes.) For best results, close all doors and windows. Spray 5-6 seconds for each 1,000 cu. ft. Keep doors and windows closed for 15 minutes after spraying. Spray upward using circular motion. Do not remain in treated areas. Ventilate area after treatment is complete. Double length of spraying time for wasps and hornets. Foods should be removed or covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation..

**FOR CRAWLING INSECTS:** Roaches, Fleas, Silverfish, Waterbugs, Ants: Aim spray directly at insects where possible. Aim spray into cracks, crevices, and darkened areas behind sinks, cabinets, stoves, baseboards and floor coverings. For fleas, treat animal sleeping quarters. Spray ant trails—particularly around door sills and window frames. Leave room closed for 15-20 minutes after spraying area. Repeat treatment as often as necessary.

**FOR BEDBUGS:** Dismantle beds. Spray all parts thoroughly—frame and springs, seams and tufts of mattresses. Spray all cracks and possible hiding places in
