We in no event assume hability for any damages beyond the purchase price of the materials furnished by us, and we will replace any part of such materials which shall be returned to us within often days after decivity, and provided our examination shall disclose that the material is defective. No representative of ours has authority to change this provision, which relates to all sales.

ADDS BEAUTY TO WOOD . REPELS WATER MILDEW & ROT RESISTANT

EPA Reg. No. 25579-3

WARNING:

Keep out of reach of children Combustible Mixture Do not use near heat or open flame See other details on back

**ACTIVE INGREDIENTS:** bis (tributyltin) oxide INERT INGREDIENTS:

Gontents 32 FL CZ (1 QT.)

Total

100 00°.

## **DIRECTIONS:**

Thoroughly stir contents of can before using and stir occasionally during use. Do not apply below 40°F. Apply heavy coating with brush or roller. A second coat may be applied if necessary, after 2 hours. Siding and millwork may be dipped for deep penetration. (3.5 minutes dipping time.) Since the color varies on different types of wood, a test brush-out is suggested before proceeding with either the first or second coats. Clean brush and roller with mineral spirits or paint thinner. Coverage 200-400 sq. ft. per gallon. Textured woods give lowest coverage.
