DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Dilution of this concentrate should be made shortly before using a quantity needed for the individual application. After dilution should not be kept for future use.

To Control Fleas On Animals

Sponge Bath or Dip Dilute this concentrate at a rate of 1 fluid ounce in 23 fluid ounces of water (2 tablespoons of concentrate in 2 1/2 cups of water) or 6 fluid ounces (12 tablespoons) in 1 gallon of water.

For rapid control of ticks, fleas and lice on cats and dogs, sponge solution on thoroughly wetting skin over entire animal or dip the animal. Do not immerse solution to remain on animal. In cases of heavy tick infestations on dogs, cats or dogs, dilute 1 fluid ounce of concentrate to 81 fluid ounces with water (2 tablespoons of concentrate in 1 1/2 cups water) or 12 fluid ounces (24 tablespoons) of concentrate in one gallon of water.

Mist Spray Dilute this concentrate at the rate of 7 fluid ounces in 1 gallon of water or 1 fluid ounce of concentrate in 18 fluid ounces of water.

For rapid control of ticks, fleas and lice using a mist spray. To insure thorough coverage, part the fur by stroking against the lay of the hair as spray is applied. Spray ticks directly. Apply to moisten the fur lightly.

To control spruce ear ticks and ear mites, syringe the ears with a few drops of this dilution so that it can penetrate the wax down to surrounding tissues. Repeat treatment once or twice at 2 or 3 day intervals as necessary.

For temporary protection from mosquitoes, eye gnats, biting flies and chiggers, apply to cover the surface of the fur. Repeat treatment as necessary when insects are troublesome.

Ticks are only an occasional pest on cats. This product will control ticks on cats should they occur.

DISPOSAL

Do not reuse empty container. Wash container and put in trash collection.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. If contact with eyes, consult a physician. Do not use on children unless directed by a physician. Avoid contact with lead and attempt to keep them away from area spraying the area.
