U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:
35935-83

Date of Issuance:
NOV 09 2010

NOTICE OF PESTICIDE:
[X] Registration
[] Reregistration
(under FIFRA, as amended)

Term of Issuance:
Unconditional

Name of Pesticide Product:
NUFARM PICLORAM
TECHNICAL

Name and Address of Registrant (include ZIP Code): Nu Farm Limited
150 Harvesters Dr. Suite 200
Burr Ridge, IL 60527

Note: Changes in labeling, differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

Submit and/or cite all data required for registration of your product under FIFRA sec 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for registration review of your product under FIFRA section 3(g).

The requested draft label as submitted is not acceptable. It will be acceptable if the following changes to the label are made before shipping any product:

- a. Change the product registration number to "EPA Reg. No. 35935-83".
b. Add the establishment number.
c. Add the batch number to all products in disposable containers before shipment.
d. On page 2, under "DIRECTIONS FOR USE", change the fourth sentence starting with "Uses for which the USEPA has accepted, etc." to "This product may be used to formulate products for specific use(s) not listed on the manufacturing use product label if: 1. The formulator, user group or grower has complied with U.S. EPA submission requirements to support such use(s), and 2. End-use products have EPA an approved stewardship program in place.
e. On page 3, under "WARRANTY DISCLAIMER", add to the second sentence "TO THE EXTENT CONSISTENT WITH APPLICABLE LAW" before "...ASSUMED BY BUYER OR USER."

2095

A stamped accepted label with comments is enclosed for your files.

Submit one copy of the revised final printed label for the record before the product is released for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Please contact Phil Errico at 703-305-6663/ errico.philip@epa.com .

Signature of Approving Official:

James A. Tompkins, Product Manager (25)
Herbicide Branch, Registration Division (7505P)

Date:

NOV 09 2010

EPA Form 8570-6

Enclosure: Label stamped "Accepted With Comments".

ENVIRONMENTAL HAZARDS

This pesticide is toxic to some plants at very low concentrations. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the ERA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product may only be formulated into manufacturing-use herbicide products or end-use herbicide products for the following uses:

Rangeland and permanent grass pastures, barley, oats and wheat, fallow cropland, Conservation Reserve Program (CRP), forests and non-cropland. Because of their properties and intended uses, herbicidal formulations containing this product will require precautionary labeling differing from that given. Formulators should develop their own use and precautionary labeling, based on the properties and intended uses of their finished formulations and are responsible for obtaining EPA registration for these products.

Uses for which the USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration.

For experimental use purposes that are in compliance with USEPA requirements.

Consult Nufarm, Inc. for formulation and other information.

HANDLING PRECAUTIONS

Do not contaminate water. Do not allow this product to contaminate water used for irrigation, drinking or other domestic purposes. Do not clean containers near water used for these purposes.

Do not contaminate atmosphere. When formulating dry products, do not allow dust particles from this product to contaminate the atmosphere. Small amounts may injure certain broadleaf plants.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool, dry, well-ventilated area.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the hazardous waste representative at the nearest ERA regional office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Completely empty inner liner by shaking and tapping sides and bottom to loosen clinging particles. Then empty residue into formulation equipment. Dispose of inner liner in a secure landfill or by incineration if allowed by state and local authorities. Offer for recycling, if available. Offer for reconditioning, if appropriate. If drum cannot be recycled or reconditioned, puncture and dispose of in a secure sanitary landfill, or by other
