Subject: Olympic Spa Algaecide
EPA Registration No. 42177-45
Application Date: June 2, 2003
EPA Received Date: June 12, 2003

Dear Mr. Rosenwasser:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

Proposed Amendment

- Update First Aid Statements per PR Notice 2001-1
- Update Precautionary Statements
- Update Environmental Hazards Statement
- Update Storage and Disposal Statement

Conditions

Revise the label as follows:

1. Revise the Precautionary Statements by including the statement "Wash thoroughly with soap and water after handling."

CONCURRENCES							
SYMBOL	75100						
SURNAME	X. Hay						
DATE	7-14-03						

General Comments

A stamped copy of the labeling accepted with conditions is enclosed. Submit three(3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact me at 703-308-6422.

Sincerely,

Adam Heyward
Product Manager 34

ACCEPTED
with COMMENTS
EPA Letter Dated:

JUL 14 2003

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No. 42177-45-

FIRST AID	
If swallowed	<ul style="list-style-type: none"> • Call poison control center, or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN " Probable mucosal damage may contraindicate the use of gastric lavage."	

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Spa Algaecide is used to control the growth of algae in spas and hot tubs. For maximum effectiveness, spas and hot tubs containing heavy growth of algae should be cleaned prior to using Spa Algaecide.

For spas and hot tubs having just visible algae growth, add an initial dose of 4 to 6 fluid ounces of Spa Algaecide per 500 gallons of water.

For treatment of freshly cleaned and filled spa or hot tub, add initially 2 to 4 fluid ounces of Spa Algaecide per 500 gallons of water.

Subsequent additions of ½ to 1½ fluid ounces of Spa Algaecide per 500 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spa Algaecide is compatible with those chemicals normally used to treat pools and effective at both acid and alkaline pH. Spa Algaecide can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix Spa Algaecide with concentrated dry or liquid chlorine products.

STORAGE AND DISPOSAL

Store in original container in a cool dry place. Do not reuse empty container. Wrap container and put in trash.
