NOTIFICATION

Explanation: Use additional page(s) if necessary. (For Section I and Section II.)

MAY 10 2002

Notification of additional marketing claims per PR Notice 98-10. This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 USC Sec 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Section - III

***KILLS INSECTS IN KITCHENS, SCHOOLS, HOSPITALS APARTMENTS, RESTAURANTS AND FOOD FACTORIES**
***KILLS ODOR-CAUSING, INSECT-CARRIED GERMS & VIRUSES**

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

2-WAY SPRAY: Press button very lightly to get a narrow stream up to 5 feet long for cracks and crevices. Press *firmly* for a fine mist on surfaces or to kill flying insects in the air.

(For Adjustable Trigger Sprayer)

Two-way sprayer: Turn nozzle to **stream** for crack and crevice applications. Turn nozzle to **mist** for surface applications or to kill flying insects

INDOORS:

ANTS, ROACHES, & FLIES: In a well-ventilated room, spray away from your face sufficiently to wet, kill and then repel crawling ants, roaches and other listed insect pests (and odor-causing microorganisms they might carry). In homes, restaurants, hospitals, schools, food processing establishments and elsewhere, spray kitchen cabinets, drawers, closets, under sinks and into wall and floor cracks and crevices in both edible and non-edible product areas of Federally approved meat, poultry and egg producing establishments. Kill flies and mosquitos in air and on all surfaces attracting them using the wide spray nozzle setting. Reapply as needed.

FLEAS: Hold container tilted down away from your face and with a sweeping side-to-side motion and the wide spray nozzle position kill adult fleas hidden in carpets, rugs, dog and cat bedding and under furniture. 16 oz. will kill fleas on contact over a 200 sq. ft area. Reapply as needed. Before spraying, test a corner of fabric for compatibility.

OUTDOORS:

CRAWLING & FLYING PESTS: Hold container upright and spray away from your face sufficiently to wet, kill, and then repel crawling ants, including fire ants, roaches, spiders, and flies, "no-see-ums" and mosquitos in air and on surfaces. Thoroughly spray and wet ant trails on sidewalks, paths, and buildings and one foot on either side. Spray ground holes where ants live. Spray garbage cans, dumpsters, and manure piles to kill flies, roaches, and ants and their eggs, larvae, and pupae on contact. Using the narrow spray position standing as far away as possible, squirt liquid into hornet, wasp and yellow jacket nests. Do not spray plants or animals.

BARBEQUES & PICNICS:

CONTROL PESKY INSECTS OUTDOORS: Lightly spray tables, BBQ's and grills, paths, and grass a few minutes or so before your party starts and food is served. Spray all surfaces you wish to keep free of flying and crawling insects. Reapply as needed.

STORAGE AND DISPOSAL:

STORAGE: Store container in a dry place inaccessible to children.

DISPOSAL: Empty container may be recycled at a plastic recycling center if available. If recycling is not available, securely wrap in newspaper and discard in trash.

(Alternate disposal instructions)

DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Notice: Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

(For use with Ortho label)
