

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: HARMFUL IF SWALLOWED - IRRITATING TO SKIN, EYES, NOSE AND THROAT. Do not Breathe Dust. Do Not get on skin in eyes or on clothing Wash thoroughly after handling. Remove and wash contaminated clothing before reuse. In case of contact, immediately wash skin with plenty of water. For eyes, wash with water for at least 15 minutes and get medical attention.

NOTE: Do not allow to drift onto desirable plants or cropland. Do not apply near lawns, valuable trees or other desirable plants or to areas where their roots may extend. Equipment used for application should be thoroughly cleaned to prevent corrosion or contamination of other materials used in it later.

ENVIRONMENTAL HAZARDS

Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTION FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

NON-CROP LAND: For use on non-crop land such as Right-of-Way, Industrial Plants, Lumber Yards, Tank Farms, Storage Areas and Parking lots for control of most annual and perennial grasses and broad-leaved weeds. Control will usually last 8 months or longer. The effectiveness and length of time control will last depend on the type of soil amount of rain and other conditions.

RATE: Under ordinary conditions, use at the rate of 1 pound per 50 square feet. Under conditions where weeds are difficult to control, increase the rate to 1 pound per 25 square feet.

HOW TO APPLY: Use a mechanical spreader or other device which will spread the required amount evenly over the area to be treated. It may be applied when top growth is dense, but better control will be obtained when weeds are short or when grass growth is mowed and removed before applying.

WHEN TO APPLY: Best results will be obtained if applied shortly before or at time plant growth begins. Rain or thorough watering after application will cause the material to move to the root zone and thus speed up control. DO NOT apply when ground is frozen.

STORAGE & DISPOSAL

STORAGE: Do not contaminate water, food or feedstuffs by storage or disposal. DISPOSAL: Do not reuse this container. Place plastic bag in trash collection.
