

**FOR MANUFACTURING, FORMULATING, MIXING OR REPACKING FOR USE AS A
PLANT GROWTH REGULATOR**

PRODUCT INFORMATION

Active Ingredient: *active ingredient points*
Cytokinin (as kinetin) 0.004%*
Inert Ingredients: 99.996%
*based on biological activity

EPA REG NO 51517-

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

Environmental Hazards

Do not apply directly to water or wetlands. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

This product is intended for use only in manufacturing, formulating, mixing or repacking for use as a plant growth regulator. Please note that the user of this product is responsible for obtaining registration for any end use products.

Labeled Crops

Soil TRIGRR MFG is labeled for use on:

FIELD CROPS

Alfalfa, Corn (includes Popcorn), Cotton, Lupine, Peanuts, Rice, Sorghum (Milo), Soybeans, Sugar Beets, Triticale, Wheat.

FRUITS

Apples, Bananas, Grapes, Oranges, Peaches, Plantains, Strawberries.

VEGETABLES

Asparagus, Beans (also includes Black-eyed Peas, Catjang, Chick Peas, Cowpeas, Crowder Peas, Garbanzo Beans, Southern Peas), Broccoli, Brussels Sprouts, Cabbage, Carrots, Cauliflower, Celery, Corn (Sweet), Cucumber, Eggplant, Florence Fennel* (Anise, Fenocho), Garlic, Leeks, Lettuce, Melons, Okra, Onions, Parsley, Peas, Peppers, Potatoes, Pumpkins, Radishes, Shallots, Spinach, Squash, Sweet Potatoes, Tomatoes, Yams.

* Fresh leaves and stalks only

NON-FOOD CROPS

Jojoba, Ornamentals, Trees, Turf.

Manufacturing, Formulating, Mixing and Repacking Instructions

Soil TRIGGRR MFG is an aqueous suspension suitable for dilution, for formulating with liquid fertilizers or pesticides, for impregnating on granular fertilizers or pesticides, or for repacking, for use as a plant growth regulator.

Dilution: Mix Soil TRIGGRR MFG thoroughly and dilute in a water-based solution or suspension to the desired concentration. Adjust the pH of the diluted suspension to pH 7 or less. Add sufficient preservatives to prevent the outgrowth of microbial contaminants. Recommendations regarding preservatives are available upon request.

Formulating with liquid fertilizers or pesticides: Mix Soil TRIGGRR MFG thoroughly and add to aqueous solutions or suspensions of fertilizers or pesticides at an appropriate stage of the manufacturing sequence. In general, Soil TRIGGRR MFG should be added after other fertilizer or pesticide chemicals have been added to the formulation. Compatibility agents may be used to improve miscibility with other formulation components, if indicated. Preservatives should be added to the final formulation to prevent the outgrowth of microbial contaminants. The pH of the final formulation should be adjusted to pH 7 or less. Recommendations regarding formulation sequence, compatibility agents and preservatives are available upon request.

Impregnation on granular fertilizers or pesticides: Mix Soil TRIGGRR MFG thoroughly and spray onto granular fertilizers or pesticides. Avoid prolonged exposure to high temperatures during drying of the impregnated products.

Repacking: Mix Soil TRIGGRR MFG thoroughly and repackage in appropriate containers.

STORAGE AND DISPOSAL

Storage

Soil TRIGGRR MFG should be stored in a cool place out of reach of direct sunlight.

Disposal

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) plastic containers. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by the state and local authorities, by burning. If burned stay out of smoke.

NOTICE OF WARRANTY

Westbridge warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Westbridge. In no case shall Westbridge be liable for consequential, special or indirect damages resulting from the use or handling of this product. Westbridge makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
