FER LA KOR

Agtrol Chemical Products c/o Linda C. Watson Pesticide Regulatory Services 3703 Sedgefield Drive Valdosta, GA 31602

Gentleman:

Subject: Revised Label and Alternate Formula Blue Copper SD EPA Registration No. 55146-4 Your Submission Dated November 4, 1991

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

Update the Environmental Hazards Statement to read:

Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark.

2. Submit one (1) copy of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Product Chemistry Review Branch/Registration Support Branch has reviewed the subject alternate formula and has the following conclusions:

In reference to the Confidential Statement of Formula (CSF), please provide the upper and lower certified limits based on the pure active ingredients rather than the technical or concentrate.

Product Chemistry Review Section / Registration Support Branch could not locate the product chemistry data required by Title 40 Code of Federal Regulations (CFR) Part 158 for this product. This chemistry data will have to be submitted or cited by MRID number at reregistration or when the Agency may require them.

Sincerely yours,

Col Giles - parkin

Cynthia Giles-Parker Product Manger (22) Fungicide Herbicide Branch Registration Division (H7505C)

Under the Polyad Automaticale de ander alle pesticide ander alle Reg. No. 55146-4

### GENERAL INSTRUCTIONS 393

CHAMPION SEE. RESSING should be used as descried below. CHAMPION SEED DRESSING is specially formulated for use as a seed protectant. It is compatible with many fungicides and other materials commonly used as seed disinfectants. Because of the wide number of combinations possible with other pesticides, it is recommended that specilic mixtures be evaluated before use with this product. The following specific instructions are based on general applications. The recommendations of State Agricultural Experiment Stations should be closely followed. The Federal Government and most states have seed laws or regulations requiring that certain caution statements be affixed to containers used to ship or store treated seed. Do not use treated seed for food, feed or oil purposes.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store in a cool, dry place. PESTICIDE DIS-POSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest Environmental Protection Agency regional office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

#### **DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Written or oral warnings must be given to workers who are expected to be in an area where seed treatment with this product is taking place.

RICE: Water Mold & Seed Rot (.^.chlya spp., Pythium spp). Use CHAMPION SEEC DRESSING at a rate of 4-8 fluid ounces for each 100 pounds of rice seed. For ease of handling and when using a seed treating machine, dilute with an equal amount of water. Maintain continuous agitation of the mixture throughout the operation. Consult State Agricultural Experiment Station regarding specific recommendations for your area.

WHEAT & BARLEY, Bacterial Leaf Blight (Pseudomonas syringae), Bacterial Leaf Streak (Xanthomonas translucens), Common Bunt (Tilletia caries). Apply CHAMPION SEED DRESSING at the rate of 4 fluid ounces of formulated product per 100 pounds of seed. It should be diluted with equal parts of water before applying.

#### WARRANTY STATEMENT

Agtrol Chemical Products warrants that this product in its unopened package conforms to the chemical description on the label and is reasonably fit for the purposes set forth on the label when used according to directions under normal use conditions: THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED INCLUDING A WARRANTY OF FITNESS: 50R A PAR-TICULAR PURPOSE. This warranty does not extend to the handling or use of this product contrary to label instructions of under abnormal conditions or under conditions not reasonably foreseeable to seiler and buyer assumes all risk of any such use.
