Dear Dr.O'Neal:

Subject: Application for Pesticide Notification (PRN 98-10) Revise per PR Notice 2007-4 and correct EPA Reg. No., address, and telephone number 10% Permectrin Pour-On Insecticide EPA Reg. No. 61483-86

Your submission dated September 7, 2010

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated September 7, 2010 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records. Please note that the word "Insecticide " in the product name was not spelled correctly on the submitted label. Please ensure the correct spelling on actual product labeling.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on <u>nonrefillable</u> containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions regarding this letter, please contact Dana Pilitt, PhD of my staff at (703) 305-7071 or via e-mail at <u>pilitt.dana@epa.gov</u>.

Sincerely,

land CeebL
