Woodinville, WA 98072

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA Sec. 3(c)(5) provided you :

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA Sec.3 (c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA Sec. 4.
2. Revise the EPA Registration Number to read, "EPA Reg. No. 66433-1."
3. Submit two (2) copies of your final printed label for the record.

A stamped copy of the label is enclosed for your records.

MASTER LABEL - SIDE PANEL (Page 1 of 2)

This JAPANESE BEETLE LURE Bait pack consists of a dual sex lure and floral (food) lure system, which attracts two to five times more Japanese beetles than traps with only a single lure. The lures combine to draw male and female Japanese beetles into a trap...and away from valuable ornamentals, fruit trees, vegetables, flowers and shrubs. This product contains no killing agent to damage the environment and will not harm beneficial insects or attract nuisance animals. Because of the unique controlled release system, the Japonilure sex pheromone and floral attractant bait pack is designed to last for the entire trapping season.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Avoid contact with skin, eyes and clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

FIRST AID

If on skin or clothing:
- Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment advice.
If in eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye - Call a poison control center or doctor for treatment advice.
If swallowed:
- Call poison control center or doctor immediately for treatment advice. - Have person sip a glass of water if able to swallow - Do not induce vomiting unless told to do so by the poison control center or doctor. - Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Contact 1-800-858-7378 for emergency medical treatment advice.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not open protective pouch until ready to use. Remove the bait from its protective package. Peel the protective cover (marked peel) from the Japanese Beetle Sex Lure/Floral Lure Bait Pack.

EPA.REG.NO. 66433-

Page 3 of 3

Remove the paper from the adhesive strip on the back of the Sex Lure/Floral Lure Bait Pack and attach the bait into the trap vane. Do not attempt to peel apart the bait pack. Best results are obtained by attaching the bait pack to the lower third of the trap vane.

REPLACEMENT:

Under ordinary weather conditions Japanese Beetle Sex Lure/Floral Lure Bait Pack should be effective for about 12 weeks.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store unopened sex lure/floral lure bait pack in a cool dry place or refrigerate until ready to use.

PESTICIDE DISPOSAL: If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call 1-800-CLEANUP. Never place unused product down any indoor or outdoor drain.

NOTICE: SpringStar LLC makes no warranty, express or implied, for any particular purposes concerning the product, other than those which are contained on this label. SpringStar LLC will not accept liability for damage or injury resulting from misuse.
