Subject: Notification per PRN 98-10 – Adding State of California Qualifiers
Product Name: Acticide ZPD 1-F
EPA Registration Number: 67071-105
Application Date: 03/07/2019
Decision Number: 549330

Dear Ms. Behr:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Terria Northern at 703-347-0265 or via email at northern.terria@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Zeno Bain", written over a horizontal line.

for

Zeno Bain, Product Manager 33

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

CHEMICAL HAZARDS

Do not store or mix with strong oxidizing agents or strong (concentrated) acids. In case of contamination do not reseal container. Isolate container in open or well-ventilated area. Fumes caused by contamination may be hazardous.

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage, disposal or cleaning of equipment.

Pesticide Storage: Do not freeze. Store above 50°F. Keep container tightly closed when not in use. Do not store with strong oxidizing agents or strong (concentrated) acids.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Handling: Non-refillable container. Do not reuse or refill this container. Triple rinse container promptly after emptying. Triple rinse as follows: [For containers > 5 gallons in size] - Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

ACTICIDE® ZPD 1-F

Active Ingredients:
Zinc 2-pyridinethiol-1-oxide 37.50%
Other Ingredients: 62.50%
Total: 100.00%

ACTICIDE® ZPD 1-F microbiocide weighs 10.79 lb. per gallon.

WARNING

KEEP OUT OF REACH OF CHILDREN

See Side panel for additional precautionary statements

FIRST AID	
If in Eyes:	<ul style="list-style-type: none">➤ Hold eye open and rinse slowly and gently with water for 15-20 minutes.➤ Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.➤ Call a poison control center or doctor for treatment advice.
If Swallowed:	<ul style="list-style-type: none">➤ Call a poison control center or doctor immediately for treatment advice.➤ Have person sip a glass of water if able to swallow.➤ Do not induce vomiting unless told to do so by the poison control center or doctor.➤ Do not give anything by mouth to an unconscious person.
If Inhaled:	<ul style="list-style-type: none">➤ Move person to fresh air.➤ If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.➤ Call a poison control center or doctor for further treatment advice
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For general information on product use, etc., call the National Pesticides Information Center at 1-800-858-7378. You may also contact the poison control center at 1-800-222-1222 for emergency medical treatment information.	
Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.	
HOT LINE NUMBER: In case of emergency, for additional information call toll free 1-800-424-9300.

THOR

Precautionary Statements: Hazards to Humans and Domestic Animals

Causes substantial, but temporary eye injury. Harmful if swallowed or inhaled. Do not get in eyes or on clothing. Do not breathe vapor or spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the restroom. Remove and wash contaminated clothing before reuse.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Industrial microbiocide for non-food contact use in [] polymers, [] dispersed pigments, [] building materials, [] adhesives, and [] paints and coatings. READ AND FOLLOW THE DIRECTIONS FOR USE ON THE ACCOMPANYING INFORMATION SHEET.

ACTICIDE® ZPD 1-F INFORMATION SHEET DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NON-FOOD CONTACT USES:

[*]LATEX, POLYMER EMULSIONS OR SOLUTIONS

ACTICIDE® ZPD 1-F microbicide is recommended for the control of **0.14 – 0.54% of ACTICIDE® ZPD 1-F** bacteria and fungi in the manufacture and storage of synthetic and natural (0.14 – 0.54 lbs per 100 lbs formula) polymers including: acrylics, styrene-butadiene, carboxylated styrene-butadiene, ethylene-vinyl acetate and biopolymers intended for industrial use such as xanthan gum, gum arabic, guar gum, protein derived polymers, starches and casein derived polymers including polymers for paper and paperboard.

SUPPLEMENTAL DOSING:

Depending on the nature/severity of the contamination, if analysis indicates a loss of active ingredient, or if further microbial control is necessary, product may be dosed with additional ACTICIDE® ZPD 1-F microbicide at a level to ensure that the final use-dilution product will not exceed the maximum concentration indicated.

*[*Not approved for this use in the state of California]*

[*]DISPERSED PIGMENTS (MINERAL SLURRIES)

ACTICIDE® ZPD 1-F microbicide is recommended for the control of **0.07 – 0.27% of ACTICIDE® ZPD 1-F** bacteria and fungi in the manufacture and storage of dispersed pigments (0.07 – 0.27 lbs per 100 lbs formula) such as kaolin, titanium dioxide, calcium carbonate, and calcium sulfate.

SUPPLEMENTAL DOSING:

Depending on the nature/severity of the contamination, if analysis indicates a loss of active ingredient, or if further microbial control is necessary, product may be dosed with additional ACTICIDE® ZPD 1-F microbicide at a level to ensure that the final use-dilution product will not exceed the maximum concentration indicated.

*[*Not approved for this use in the state of California]*

[*]BUILDING MATERIALS

ACTICIDE® ZPD 1-F microbicide is recommended as an in-container **0.64 – 1.28% of ACTICIDE® ZPD 1-F** preservative for the control of bacteria and fungi in building materials such (0.64 – 1.28 lbs per 100 lbs formula) as mastics, caulks, joint compounds, spackles and grouts.

SUPPLEMENTAL DOSING:

Depending on the nature/severity of the contamination, if analysis indicates a loss of active ingredient, or if further microbial control is necessary, product may be dosed with additional ACTICIDE® ZPD 1-F microbicide at a level to ensure that the final use-dilution product will not exceed the maximum concentration indicated.

*[*Not approved for this use in the state of California]*

ACTICIDE® ZPD 1-F INFORMATION SHEET

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[*]ADHESIVES AND TACKIFIERS

ACTICIDE® ZPD 1-F microbiocide is recommended as a preservative for the control of bacteria and fungi in water soluble and water dispersed adhesives such as animal glues, vegetable glues, natural rubber latices, polyvinyl acetate, styrene-butadiene and acrylic latices.

ACTICIDE® ZPD 1-F microbiocide is recommended as a preservative for tackifiers derived from rosin and hydrocarbon resins.

SUPPLEMENTAL DOSING:

Depending on the nature/severity of the contamination, if analysis indicates a loss of active ingredient, or if further microbial control is necessary, product may be dosed with additional ACTICIDE® ZPD 1-F microbiocide at a level to ensure that the final use-dilution product will not exceed the maximum concentration indicated.

[*]Not approved for this use in the state of California!

[*]NON-MARINE PAINTS AND COATINGS (including stains)

ACTICIDE® ZPD 1-F microbiocide is recommended as a dry-film preservative for the control of bacteria and fungi in water based coatings such as paper and wood coatings and paints used for architectural product finishes and special purpose coatings.

[*]Not approved for this use in the state of California!

ACTICIDE® ZPD 1-F may be added to concentrates so long as the final use-dilution product contains not more than 4800 ppm active ingredient.

0.64 – 1.28% of ACTICIDE® ZPD 1-F
(0.64 – 1.28 lbs per 100 lbs formula)
