Subject: Notification per PRN 98-10 – Adding Optional Language for Product Packaging and Labeling

Product Name: Neudorff Ant Buffet
EPA Registration Number: 67702-30
Application Date: November 18, 2016
Decision Number: 523639

Dear Mr. Talarek:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Katelynn E. King at 703-347-0193 or via email at king.katelynn@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Walsh".

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATION DIRECTIONS

Set the [ant station][ant bait station][bait station][Neudorff Ant Buffet] beside ant nests or where ants crawl before filling with the bait solution. Avoid setting the [ant station][ant bait station][bait station][Neudorff Ant Buffet] in direct sun to decrease evaporation of the bait solution. Use two bait stations to control larger ant nests.

To fill the [ant station][ant bait station][bait station][Neudorff Ant Buffet] open the lid and carefully pour the [blue bait solution][[bait solution] [Refill for Neudorff Ant Buffet] into the two depressions inside the bait station. Check bait stations every day and refill when the bait solution has been consumed or dried out. When the ant nest has been controlled, the bait station may be cleaned and moved to a different location.

PESTS CONTROLLED: Ants

[The following list of ant species may or may not be presented on the product's label and labeling:

-including foraging ants, sweet-feeding ants, pavement ants, moisture ants, little black ants, argentine ants, crazy ants, acrobat ants, bigheaded ants, cornfield ants, ghost ants, odorous house ants, thief ants, Texas leafcutting ants, field ants, and other common ants]

(excluding fire ants, harvester ants, Pharaoh's ants and carpenter ants)

USE SITES: Gardens, decks, patios, balconies, garden paths and around homes where ants are prevalent.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not refill this container except to refill with Neudorff Ant Buffet Refill Solution. Follow the refilling instructions in the Directions for Use.

If empty: Place in trash or offer for recycling, if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
