Mr. Walter Talarek, Agent  
W. Neudorff GmbH KG  
c/o Walter G. Talarek PC  
5153 Allison Marshall Drive  
Warrenton, VA 20187

Subject: Label Amendment – Adding Optional Marketing Claims and Other Revisions  
Product Name: Neudorff Liquid Ant Bait Station  
EPA Registration Number: 67702-57  
Application Date: April 20, 2022  
Decision Number: 583875

Dear Mr. Talarek:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims

**SEE NEXT PAGE**

EPA Reg. No. 67702-57  
Decision No. 583875

substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact me at [walsh.michael@epa.gov](mailto:walsh.michael@epa.gov) or Christopher Taylor at [taylor.christopher.m@epa.gov](mailto:taylor.christopher.m@epa.gov).

Sincerely,

Michael Walsh  
Product Manager 11

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

{NOTE to PM: Directions can be bulleted or numbered.}

1. [Separate bait stations before placement.] Peel off and dispose of activation film on each bait station before placement.
2. For best results, place bait stations where you see ants in and around your home. For thorough ant control, use [all] [2] [4] [6] [8] bait stations at one time. For larger areas or particularly heavy infestations, use additional bait stations. Starts working within 10 minutes when ants are present.
3. Avoid setting [the bait station] in direct sun to decrease evaporation of the bait solution. [Bait station] should be placed on a horizontal surface.
4. When ant problem is controlled, [or bait color fades] [bait color changes (to white)], remove [bait station] and dispose of according to the Storage and Disposal instructions.

**PESTS CONTROLLED:** Ants (excluding fire ants, carpenter ants, harvester ants, and pharaoh ants)

-including foraging ants, sweet-feeding ants, pavement ants, moisture ants, little black ants, argentine ants, crazy ants, acrobat ants, bigheaded ants, cornfield ants, ghost ants, odorous house ants, thief ants, Texas leafcutting ants, field ants, and other common ants]

**USE SITES:** {Note to PM: one or more of the following use sites will be listed, with 'in', commas, 'around', and 'and' inserted for grammatical correctness where necessary}

Use indoors and outdoors [in] [and] [around] [homes,] along baseboards, along kitchen baseboards, corners of rooms, corners of cabinets, under appliances, behind appliances, under and behind appliances, under and behind kitchen appliances, around refrigerators and stoves, on window sills, doorways, around garbage cans, on or around decks, on patios, on balconies, on garden paths, ornamentals, on lawns, electrical conduits, vents, pipe chases, on concrete slabs, crawlspaces, skylights on roofs, on sidewalks, on driveways, home greenhouses, on ground around home or structure, gardens, next to the wall along baseboards, under sinks, under kitchen sinks, near plumbing fixtures, pantries, around waste receptacles, and other areas where listed ants are found.

### STORAGE AND DISPOSAL

**Storage:** Store in a cool, dry area inaccessible to children and domestic animals.

**Disposal:**

Non-refillable label. Do not reuse or refill the bait station.

**If empty:** Place in the trash or offer for recycling if available.

**If partially filled:** Call your local solid waste agency [or call {insert toll free hotline}] for disposal instructions. Never place unused product down any indoor or outdoor drain.
