EPA Reg. Number:
 68543-13

Date of Issuance:
 13 DEC 1995

Term of Issuance: Conditional

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Name of Pesticide Product: Bengal
 Full Season Flea
 Killer 2

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Bengal Chemical, Inc.
 13739 Airline Highway
 Baton Rouge, LA 70817

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 68543-13".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back panel for additional precautionary statements.

_____ fl. oz. (_____ ml.)

BENGAL FULL SEASON FLEA & TICK HOUSEHOLD SPRAY kills fleas and ticks and attacks the flea life cycle in 3 ways:

- (1) **PYRETHRINS** kill on contact.
- (2) **PERMETHRIN** kills for an extended period of time.
- (3) **FENOXYCARB (IGR)** prevents immature stages of the flea eggs and larvae from developing into adults for 365 days.

Also controls ants, carpet beetles, clover mites, cockroaches, crickets, earwigs, firebrats, flies, mosquitoes, silverfish and spiders. Leaves no unpleasant odor and is not affected by sunlight, so it keeps working in areas exposed to the sun.

If your pet brings new fleas into the treated area, they can be killed by re-treating.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

NOTE: DO NOT TREAT PETS WITH THIS PRODUCT. To control the source of fleas and ticks, treat pets separately with a flea & tick product registered for use on pets such as **BENGAL Flea & Ticks Spray for Dogs**.

FLEAS & TICKS: Apply as a spot treatment to areas pets may contact, such as floors, rugs, draperies, upholstery, pet bedding, cracks and crevices of walls and floors, baseboards, and window and door frames. This product will not stain most fabrics or rugs, but test the product on a small inconspicuous area first before applying the product to fabric, rugs, or plastics. Pet bedding should be removed and replaced with fresh clean bedding after treatment of pet areas.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if inhaled or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Do not use this product in poultry houses or other livestock shelters. Remove pets and cover fish bowls or tanks before spraying. Do not allow spray to contact food, feed, or water supplies.

Leave area after treating, and do not return for one hour. Do not allow children or pets to walk on treated surfaces until surfaces are completely dry. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated by application of this product.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF ON SKIN: Wash with soap and plenty of water. Get medical attention.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply sprays of this product in conduits, motor housings, junction and switch boxes, or other electrical equipment because of the possible shock hazard.

STORAGE AND DISPOSAL

STORAGE: Store in a cool area away from heat or open flame. Do not store below 32°F.

DISPOSAL: Do not reuse empty container. Wrap original container in several layers of newspaper and discard in trash.
