AND POLLUTION PREVENTION

June 10, 2015

Mr. Emilio Malaguti
Technical Director
Chemtron
3901 SW 47th Ave., # 400
Davie FL 33314

Subject: Label Amendment – Support for label
Product Name: **Pan Purge Condensate Pan Treatment**
EPA Registration Number: 68921-1
Application Date: March 31, 2015
Decision Number: 503127

Dear Mr. Malaguti:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

PAN PURGE

Condensate Pan Treatment

For Commercial and Industrial Use Only

PAN PURGE releases a fast, high level of quaternary micro biocides to effectively clear fouling from condensate pans and maintain free flowing drain lines in air conditioning systems for a year.

PAN PURGE inhibits the growth of odor causing bacteria and fungi (mold and mildew) which causes staining and discoloration, and algae. This product does not protect users or others against food-borne or disease causing bacteria or fungi.

ACTIVE INGREDIENTS: Didecyl-dimethyl ammonium chloride...22.0%
N-alkyl (C14-50%, C12-40%, C16-10%) - dimethyl benzyl Ammonium chloride.....14.7%
INERT INGREDIENTS.....63.3%
TOTAL.....100.0%

NET WEIGHT: -1.1 ounces/3 inches bar.
-100 (3 inches bars) per box
EPA Registration NO: 66921-1
EPA Establishment NO: 66921-FL-01

KEEP OUT OF REACH OF CHILDREN
DANGER

See side panels for additional precautionary statements.
Manufactured by:
CHEMTRON, Davie, FL 33314
PH (954) 584-4530; FAX: (954) 584-4531

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Remove clear plastic wrapper. Handle unwrapped product with chemical resistant gloves. Place PAN PURGE in air conditioner condensate pan, at the end farthest from the drain opening. Use a 3 inch bar for up to 3 tons A/C systems. Use a 6 inches bar for between 3 and 6 tons units. Use a 12 inches bar for between 6 to 12 tons and 24 inches for 12 to 24 tons units, being 1 ton equivalent to 12000 BTU. Change the PAN PURGE bar/bars after 12 months and replace with a new one. Wash hands thoroughly after handling PAN PURGE.

NOT FOR USE IN ATOMIZING OR HEAT VAPORIZERS HUMIDIFIERS

FOR COMMERCIAL AND INDUSTRIAL USE ONLY.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Store in a dry place, at temperature not higher than 135°F.

PESTICIDE DISPOSAL: Waste resulting from the use of product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse empty CONTAINER. Wrap in newspaper and place in trash.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

LOT Number :

DANGER

Corrosive. Causes irreversible eye damage and skin burns. Harmful if Swallowed. Do not get in eyes, on skin or on clothing. Wear goggles and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash before use.

FIRST AID

Have label available when contacting a Doctor.

If in eyes:

- Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 15 minutes, then continue rinsing eye.

- Call a Poison Control Center or a doctor for treatment advice.

If on Skin or Clothing:

- Take off contaminated clothing.

- Rinse skin immediately with plenty of water for 15-20 minutes.

- Call a Poison Control Center or a doctor for treatment advice.

If Swallowed:

- Call a Poison Control Center or a doctor immediately for treatment advice.

- Have person sip a glass of water if able to swallow.

- Do not induce vomiting unless told to do so by a Poison Control Center or doctor.

- Do not give anything by mouth to an unconscious person.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) Permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.
