

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

69332-1

Date of Issuance:

7/15/22

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional, Time-Limited
 Expires: 01/27/2023

Name of Pesticide Product:

ONE DROP ANTI-FLEA & TICK
 TREATMENT 2 FOR DOGS

Name and Address of Registrant (include ZIP Code):

Prince M. Bamaze
 Regulatory Affairs Associate
 Sergeant's Pet Care Products, LLC
 10077 South 134th Street
 Omaha, NE 68138

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 4
 Invertebrate-Vertebrate Branch 1
 Registration Division
 Office of Pesticide Programs

Date:

7/15/22

2. The Agency has found your company to be in compliance with the terms and conditions for the subject product and is extending the two-year registration restriction. This registration is time-limited and expires 01/27/2023.
3. Please note that the product is still subject to all other previously required conditions of registration. Your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information as stated in label amendment letter dated September 4, 2014.
4. You are required to comply with the data requirements described in the DCI identified below:
 - a. Permethrin GDCI-109701-1113

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Permethrin Interim Decision, and has concluded that your submission is acceptable.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 07/25/2012
- Alternate CSF 1 dated 09/18/2015

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS [AND PUPPIES] 6 MONTHS [OF AGE] AND OLDER
WEIGHING [7-33] [Over 33] LBS**

PRECAUTIONARY STATEMENTS

Hazards to Humans: CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco or using the toilet.

Hazards to Domestic Animals: For external use only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide product at a time. This product is not a substitute for prescribed heartworm preventative. Overdosing your dog can result in serious illness and even death. Consult a veterinarian before using on medicated debilitated, aged, pregnant or nursing dogs. Consult a veterinarian before using on dogs with known organ dysfunction. If your dog is exhibiting signs of and/or is being treated for skin dermatitis, talk to your veterinarian before applying any topical flea and tick control product.

FIRST AID

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For more information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-781-4738 [or contact the National Pesticides Information Center (NPIC) at 1-800-858-7378, Monday through Friday, 8 AM to 12 PM PST, or at <http://npic.orst.edu>]

PHYSICAL OR CHEMICAL HAZARDS. Combustible: Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To prevent harm to you and your dog, read entire label before each use. Follow all directions and precautionary statements carefully. Application of product on pets must only be done indoors.

SUPERSEDES EPA SAL 01/27/2017

USE RESTRICTIONS

Do not allow children to apply product.
Do not use on cats or animals other than dogs.
Do not allow your dog to ingest this product.
Do not use on puppies under 6 months [of age] or less than [7] [33] lbs.
Do not split one [tube] [vial] between dogs.
Do not use multiple [tubes] [vials] on one dog.
Do not massage the drops into the dog's skin. Avoid applying to the dog's fur.
Do not Apply more than one [tube] [vial] to one dog regardless of the dog's weight.
Use entire contents of [tube] [vial] on each dog.
Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog.
Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied.
Treated dogs should not be allowed to go swimming for 12 hours following treatment.

How to Apply:

ONLY for dogs and puppies weighing 7 to 33 lbs and 6 months or older. Do not apply to dogs weighing less than 7 lbs.

1. Remove product [tube][vial] from the package. Holding the [tube][vial] with top end pointing up and away from the face and body, cut off top end.
2. Use open end to part the dog's coat to expose the skin between the shoulder blades, at the nape of the neck.
3. Squeeze the entire contents of one [tube][vial] onto exposed skin. Do not apply more often than once every [4 weeks] [month] [30 days].

{OR}

ONLY for dogs and puppies weighing over 33 lbs and 6 months or older. Do not apply to dogs weighing less than 33 lbs.

1. Remove product [tube][vial] from the package. Holding the [tube][vial] with top end pointing up and away from the face and body, cut off top end.
2. Use open end to part the dog's coat to expose the skin between the shoulder blades, at the nape of the neck, then squeeze approximately one-half the contents of one [tube][vial] onto the exposed skin.
3. Next, part the dog's coat at the base of the tail, then squeeze the remaining contents of the [tube] [vial] onto exposed skin. Do not apply more often than once every [4 weeks] [month] [30 days].

{Side Effects box to be located in the lower right-hand corner, immediately above the 'cat prohibition' box on the back panel}

Side Effects: Monitor your dog after application. [Some dogs may experience temporary startle effects when any product is applied.] Dogs may experience some temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. Signs of sensitivity to this product include skin sensitivity, increased itchiness, redness, rash, hair discoloration or hair loss at the application site. Gastrointestinal signs such as vomiting or diarrhea have also been reported. Dogs may also show "lethargy." If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. If these or other side effects occur, consult your veterinarian or call 1-800-781-4738. If your dog has an unusual reaction to the initial application, consult a veterinarian before repeating application.

{A minimum of 1.5cm x 1.5cm cat prohibition icon and warning text will be in a box in the lower right hand corner of the back panel with black cat + red circle and line through the cat, black text, on white background to ensure easy spotting.}

DO NOT USE ON CATS. MAY BE FATAL. Keep cats away from treated dogs for 24 hours.
If applied to a cat or ingested by a cat, contact your veterinarian immediately.

[What else you must do: Treating your dog's basket and favorite sleeping areas with a suitable insecticidal product labeled for this use and vacuuming these areas regularly will also help to remove fleas and ticks. Consult your veterinarian for product suggestions.]

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Do not remove [tube] [vial] from the pack until ready to use. Store in a cool [below 77°F[] (25°C)] dry place out of reach of children and pets. Do not refrigerate. Protect from direct sunlight.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options.

{Side Effects box to be located in the lower right-hand corner, immediately above the 'cat prohibition' box on the back panel}

Side Effects: Monitor your dog after application. [Some dogs may experience temporary startle effects when any product is applied.] Dogs may experience some temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. Signs of sensitivity to this product include skin sensitivity, increased itchiness, redness, rash, hair discoloration or hair loss at the application site. Gastrointestinal signs such as vomiting or diarrhea have also been reported. Dogs may also show "lethargy." If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. If these or other side effects occur, consult your veterinarian or call 1-800-781-4738. If your dog has an unusual reaction to the initial application, consult a veterinarian before repeating application.

{A minimum of 1.5cm x 1.5cm cat prohibition icon and warning text will be in a box in the lower right hand corner of the back panel with black cat + red circle and line through the cat, black text, on white background to ensure easy spotting.}

DO NOT USE ON CATS. MAY BE FATAL. Keep cats away from treated dogs for 24 hours.
If applied to a cat or ingested by a cat, contact your veterinarian immediately.
