AND TOXIC SUBSTANCES

JAN 14 2004

Ms. Julee Kasprisin  
State Industrial Products  
3100 Hamilton Avenue  
Cleveland, OH 44114

Subject: Amendment Updating First Aid and Disposal per PR Notices 2001-1 and 2001-6  
Zero In 797-A Powdered Insecticide  
EPA Reg. No. 70799-3  
Your Submission Dated October 13, 2003

Dear Ms. Kasprisin:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable subject to the comment below. Two copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. We recommend that you include toll-free numbers under First Aid (for emergency medical treatment) and under Disposal for the 3 oz. package size as recommended in PR Notices 2001-1 and 2001-6. If you do not have your own toll-free number that can be used for this purpose, you may use the following numbers:

- 1-800-222-1222 for emergency medical treatment information
- 1-800-CLEANUP for disposal information

If you have any questions regarding this action, please contact Susan Stanton of my team at (703) 305-5218.

Sincerely,

A handwritten signature in cursive script that reads "Susan L. Stanton" followed by a small flourish.

George T. LaRocca

# zero-in™ 797-A

## POWDERED INSECTICIDE

A highly effective insecticide combining the flushing and killing powers of pyrethrin and piperonyl butoxide with the dehydrative principle of thermally attrited hydrogel that destroys roaches, ants, silverfish, bedbugs, fleas and fire ants.

797-A is relatively odorless and nonstaining and may be used according to directions in restaurants, stores, hotels, offices, plants, warehouses, truck trailers, sewage treatment plants and other industrial and institutional places.

### ACTIVE INGREDIENTS

|                                      |                |
|--------------------------------------|----------------|
| Pyrethrins .....                     | 1.00%          |
| Piperonyl Butoxide, Technical* ..... | 10.00%         |
| Amorphous silica gel .....           | 40.00%         |
| <b>INERT INGREDIENTS</b> .....       | <b>48.00%</b>  |
| <b>TOTAL</b> .....                   | <b>100.00%</b> |

\* Equivalent to 8.0% (butylcarbityl) (6-propylpiperonyl) ether and 2.0% related compounds

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS & DOMESTIC ANIMALS**  
**KEEP OUT OF REACH OF CHILDREN**  
**CAUTION**

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eye or clothing. Wash thoroughly with soap and water after handling.

#### FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance and then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwater or rinsate.

**PHYSICAL OR CHEMICAL HAZARDS:** Do not use, pour, spill or store near heat or open flame.

**NOTE TO PHYSICIAN:** Contains Petroleum Distillate - Vomiting may cause aspiration pneumonia.

### STORAGE AND DISPOSAL

(For 3 oz. bottle)

Store in a dry place. Avoid getting moisture in containers. Store this product only in its original container and place in locked storage areas out of the reach of children.  
**DISPOSAL:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

### STORAGE AND DISPOSAL

(For 40 lb. keg and 15 lb. pail)

Do not contaminate water, food or feed by storage or disposal. Store in a dry place. Avoid getting moisture in containers. Store this product only in its original container.  
**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.  
**CONTAINER DISPOSAL:** Completely empty plastic liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by state and local authorities. If fiber box or plastic pail is contaminated and cannot be reused, dispose of in the same manner.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To control German, Brown Banded, Oriental and American roaches, ants, fire ants, and silverfish. Apply the powder lightly, but thoroughly, at the rate of two ounces per 100 square feet of surface. Application should be made to cracks, crevices, around water pipes, or other openings where insects move or hide, particularly sink and cabinet areas, service areas, bathrooms, and places where insects enter, such as door sills or other openings. Repeat treatment as needed.

**FOR ROACH CONTROL IN SEWERS:** Remove manhole cover and replace with a disc of plywood board to receive the flexible hose from the truck-mounted ventilating equipment. Pour approximately 5 ounces (1/3 of a pound) of State 797-A into ventilator-blower attached to manhole of infested sewer line. Clouds of 797-A will then spread over hundreds of feet of roach-infested sewer lines. When treating sewers, one manhole per 200 feet of line should be treated. Continue application through the next two manholes beyond visible evidence of roach infestation. This treatment is highly effective for the control of American and Oriental roach infestations.

**BEDBUG CONTROL:** Dust 797-A into all joints, channels and hollows of bed. Mattress and adjoining furniture as well as all cracks in the room should also be treated.

**APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.**
