U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

71206-1

MAR 27 1998

Term of Issuance:

Conditional

Name of Pesticide Product:

Tompkins Weedless
Mulch

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Tompkins, Inc.
2308 Surrey Lane
Franklin, TN 37067

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c) (7) (A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c) (5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label change before you release the product for shipment:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 71206-1".

Signature of Approving Official:

Date:

MAR 27 1998

2/7

page 2

EPA Reg. No. 71206-1

3. Submit one copy of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Harmful if absorbed through the skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

ENTRY RESTRICTIONS: Do not allow people or pets to enter treated area until dusts have settled.

APPLICATION RESTRICTIONS: Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of area during application.

USER SAFETY RECOMMENDATIONS: Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and other aquatic organisms. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

WEEDS CONTROLLED

Annual Grasses

Annual bluegrass	Johnsongrass (from seed)
Barnyardgrass (watergrass)	Jungle rice
Brachiaria	Sandbur
Bromegrass	Sprangletop
Cheat	Stinkgrass
Crabgrasses	Texas Panicum
Foxtails (including giant foxtail)	Wild cane (shattercane)
Goosegrass	

Annual Broadleaf Weeds

- | | |
|---------------------------|---------------------------|
| Carelessweed | Kochia |
| Carpetweed | Lambsquarters |
| Chickweed | Pigweeds (spiny, redroot) |
| Florida purslane (pusley) | Purslane |
| Goosefoot | Russian thistle |
| Knotweed | Stinging nettle |

GENERAL DIRECTIONS

Weedless Mulch is a preemergence herbicide which provides long-lasting control of a wide range of annual grasses and broadleaf weeds. See WEEDS CONTROLLED section above. It controls weeds by killing their seeds as they germinate. It does not control established weeds.

Weedless Mulch is recommended for use on a wide variety of ornamental trees, shrubs and flowers. The ornamental species on which it can be used at recommended rates without damage include those listed below.

APPLICATION DIRECTIONS

Weedless Mulch should be surface-applied around established plants or on ornamental beds. Apply to a smooth soil surface (no large clods) to assure uniform distribution. Clean-cultivate and hoe to remove existing weeds before applying. Weedless Mulch assures effective control regardless of weather conditions and permits shallow cultivation without reducing its weed control activity.

Broadcast application rate of Weedless Mulch: After planting trees, bushes, and flowers, apply Weedless Mulch evenly no less than 3 inches deep. An even distribution of the mulch is important for satisfactory weed control.

Ornamental Trees	Ornamental Groundcover	Ornamental Woody Shrubs	Roses and Other Established Flowers
Almond	Aaronsbeard	Andromeda, Japanese	African Daisy
Apple, Crabapple	Bellflower, Adriatic	Arborvitae, American	Aster (perennial)
Apricot	Bellflower, Poscharsky	Azalea	Balsam
