UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

71245-1

OCT 05 2001

Term of Issuance:

Conditional

Name of Pesticide Product:

Brawn Anti-Bacterial Multi-Purpose Cleaner

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Pegasus International, Inc.
400 Commerce Drive, Suite A
Ft. Washington, PA 19034

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 71245-1".
 - b. On the front panel of the label, delete "Biodegradable" and "Chlorine Bleach or Ammonia".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec.6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

BRAWN ANTI-BACTERIAL MULTI-PURPOSE CLEANER

Disinfectant ☼ Cleaner ☼ Sanitizer ☼ Fungicide ☼ Mildewstat ☼ Virucide* ☼ Deodorizer
Kills Odor Causing Germs and Bacteria
Inhibits Growth of Mildew

For Hospital, Household, Institutional and Industrial Use
Kitchen, Bathroom, Household Disinfectant Cleaner

Cleans, Disinfects and Deodorizes
most hard non-porous surfaces and leaves [your house with] a clean, fresh scent

Bactericidal against *Pseudomonas aeruginosa*, *Staphylococcus aureus* and *Salmonella choleraesuis*
- Virucidal against HIV-1 the AIDS Virus, Influenza A/Hong Kong and Herpes Simplex Type 2

[Contains Eucalyptus and 67 Exotic Wild Flower Oils]
[Refill] [50% More Free! __ oz. at __ oz. Price]
Fresh {or other descriptive term as appropriate} Scent
Convenient, Ready-to-Use Formula
Economical Spray and Wipe Formula
New!

Cuts through tough grease and grime
Cleans and deodorizes pet spills
Cleans rodent soiled areas
Cleans [Removes] Dirt, Grease and Food Stains
An Easy Way to Clean and Disinfect
Trigger Spray
Pump Spray

Contains No Phosphates, Chlorine Bleach or Ammonia
Contains Biodegradable Active Ingredient

(General Information)

This product [product name] delivers unsurpassed non-acid cleaning performance in an economical ready-to-use package. Effective, yet economical, this product [product name] always applies the proper strength for the job with no dilution required. This product [product name] provides a ready-to-use strength minimizes labor costs by eliminating the need for dilution. This product [product name] cleans dirt, grease, grime, food stains, soap scum, fingerprints, tough soils, crayon/pencil marks and heel marks in and around the house, kitchen and bathroom. This product [product name] cuts grease and grime without scrubbing. This product [product name] removes tough grease, food stains, soap scum and ground-in dirt and grime throughout the house. This product [product name] is recommended for non-scratch cleaning of showers, tubs, shower doors, curtains, fixtures and toilet bowls.

This product [product name] maximizes labor results by effectively controlling odor for a long lasting clean. This product [product name] eliminates odors. This odor destroyer is effective at neutralizing odors caused by mildew, pets, smoke, urine, cooking, vomit, garbage, restrooms, etc. This is not a masking agent. This product [product name] is a multi-purpose cleaner, disinfectant and deodorizer that leaves the whole house smelling clean and fresh. This product [product name] cleans, deodorizes and disinfects most washable surfaces. When used as directed this product [product name] cleans and deodorizes surfaces in rest room and toilet areas, behind and under sinks, counters, garbage cans, garbage storage areas and other places where bacterial growth can cause malodors.

This product [product name] cleans, sanitizes and deodorizes in one laborsaving step. Use this product [product name] to clean and disinfect kitchen surfaces. Use on counters, sinks, tables, stoves and microwave ovens. This product [product name] cleans deodorizes and disinfects all non-porous household surfaces. Use in the kitchen, bathroom and nursery for a deep down clean. This product [product name] cleans, shines, deodorizes and disinfects all non-porous household surfaces. This product [product name] inhibits the growth of mildew, leaving kitchens, bathrooms, households clean and smelling fresh.

This product [product name] is formulated for use in daily maintenance programs with a balance of detergents, disinfectant and malodor counteractants that deliver effective cleaning, disinfecting and malodor control. Cross-contamination is of a major housekeeping concern. This product [product name] has been formulated to aid in the reduction of cross-contamination not only in hospitals, but in schools, institutions and industry. This product [product name] kills household germs and cleans with a fresh {or other descriptive term as appropriate} scent.

This product [product name] kills harmful germs and helps prevent the spread of food-borne contamination on all hard kitchen, bathroom and household surfaces. This product [product name] helps prevent the spread of harmful germs on all hard kitchen, bathroom and household surfaces. This product [product name] can be used on most washable surfaces. Test a small area first. Cuts grease [and grime]. May be used on washable, hard, non-porous surfaces including countertops, stovetops, exhaust fans, sinks, appliances, refrigerators, tables, garbage cans, woodwork and microwave ovens.

Kills 99.99% of *Salmonella choleraesuis* [(Salmonella)], *Escherichia coli* [(E. coli)], *Enterobacter aerogenes*, *Staphylococcus aureus* [(Staph)], *Streptococcus pyogenes* [(Strep)], *Enterococcus faecalis* [(VREF)] on hard, non-porous kitchen, bathroom and household surfaces in 30 seconds.

This product [product name] will not leave grit or soap scum. This product [product name] is a versatile multi-purpose cleaner and broad spectrum disinfectant formulated for use in ultrasonic baths (ultrasonic cleaning units). This product [product name] is registered as a hospital disinfectant offering broad-spectrum disinfectant activity against a wide range of microorganisms. Use this product [product name] to clean and disinfect water, non-porous salon (barber) tools, instruments, combs, brushes, scissors, blades and manicure instruments.

This product [product name] may be used in hospitals, homes, medical and dental offices, nursing homes, day care centers, nurseries, restaurants, bars, cafeterias, institutional kitchens, institutional facilities, public rest rooms, institutions, schools, athletic facilities, camp grounds, play grounds, public facilities, transportation terminals, hotels, motels, factories, business and office buildings, boats, ships, campers, trailers, mobile homes, cars, buses, trains, taxis and planes.

This product [product name] may be used on washable, hard, non-porous surfaces including countertops, stovetops, exhaust fans, sinks, appliances, refrigerators, tables, picnic tables, outdoor furniture, chairs, desks, telephones, highchairs, bed frames, washable walls, cabinets, doorknobs, baby toys, diaper pails, plastic laundry hampers (baskets), baby furniture (cribs, changing tables), telephones, shower stalls, tubs, tiles, toilets, portable toilets, porcelain tiling, garbage cans, stainless steel, enameled surfaces, woodwork, formica, vinyl, leather and plastic upholstery, bathtubs, shower stalls, sinks, urinals, toilet bowls, toilet bowl surfaces, related fixtures, walls, floors and other hard non-porous surfaces (such as metal, glazed porcelain, ceramic, fiberglass and stone).

This product [product name] kills household germs in 10 minutes; effective against pseudomonas, staph and Influenza A/Hong Kong, while effectively controlling mildew. This product [product name] is a ready-to-use hospital disinfectant cleaner that is effective against a broad spectrum of bacteria, is virucidal* (including HIV-1, the AIDS virus), fungicidal and inhibits the grow of mildew and their odors when used as directed. This product [product name] is a disinfectant cleaner that is effective against a broad spectrum of bacteria, is virucidal* (including HIV-1, the AIDS virus), fungicidal and will prevent the growth of mildew and their odors when used as directed.

This product [product name] is an effective fungicide against *Trichophyton mentagrophytes* (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, health clubs and spas. This product [product name] kills *Pseudomonas aeruginosa* (Pseudomonas), *Staphylococcus aureus* (Staph), *Salmonella choleraesuis* (Salmonella), Herpes Simplex Type 2 virus (Herpes), HIV-1 virus (AIDS virus), Influenza Type A/Hong Kong (Influenza) and *Trichophyton mentagrophytes* (the Athlete's foot fungus).

This product [product name] is a hospital use disinfectant, bactericidal according to the current AOAC Use-Dilution Test method and Virucidal* according to the virucidal qualification on inanimate surfaces, against:

- Pseudomonas aeruginosa* (Pseudomonas)
- Staphylococcus aureus* (Staph)
- Salmonella choleraesuis* (Salmonella)
- Trichophyton mentagrophytes* (the athlete's foot fungus)
- *Herpes Simplex Type 2 (Herpes)
- Influenza A/Hong Kong (Influenza) in 60 seconds
- HIV-1 (AIDS virus) in 30 seconds

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No.
71245-1

This product [product name] is a sanitizer for hard, non-porous non-food contact surfaces according to the method for Sanitizers – Non-Food Contact Surfaces, modified in the presence of 5% organic serum, in 30 seconds against: *Enterobacter aerogenes*, *Staphylococcus aureus* (Staph), *Salmonella choleraesuis* (Salmonella), *Escherichia coli* 0157:H7 (pathogenic strain) (E. coli), *Streptococcus pyogenes* (Strep), *Enterococcus* (*Streptococcus faecalis*, Vancomycin resistant) (VREF).

This product [product name] is a mildewstat and will effectively inhibit the growth of mildew and the odors caused by them when applied to hard, non-porous surfaces.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To operate, turn nozzle to "on" position and spray.

Apply this product [product name] to hard, inanimate, non-porous surfaces, thoroughly wetting treated surfaces as required. For heavily soiled surfaces, a preliminary cleaning to remove all gross filth and heavy soil is required prior to disinfection. [Remove coupling gel from transducer.]

{The following paragraph is required only when the product is labeled for use in medical settings/facilities:}

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body; or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

General Cleaning: Spray soiled area then wipe clean. Repeat for heavily soiled areas.

Floors/Dilute Cleaning: Mix 1/4 cup per 1 gallon (1/2 bucket) of water. Usually no need to rinse. Use on cars and finished wood. **Tough Jobs:** Spray directly on soil or saturate sponge. Wipe and rinse.

Disinfection*/Virucidal/Mildew Control: Preclean prior to disinfection. [Trigger] Spray 6 to 8 inches from surface, rub with brush, sponge or cloth. Treated surfaces must remain wet for 10 minutes. Wipe clean with a cloth or tissue [wiper]. Do not breathe spray mist.

Non-Acid Toilet Bowl Disinfectant/Cleaner: Empty toilet bowl or urinal and apply by spraying or with a cloth, mop or sponge to exposed surfaces including under the rim. Repeat and allow to stand for 10 minutes before flushing.

Non-Food Contact Surfaces Sanitization: Treated surfaces must remain wet for 30 seconds. Use fresh solution daily or when solution becomes visibly dirty.

To Disinfect and Deodorize: Pre-clean surfaces to be treated, then spray until surface is thoroughly wet. Let stand 10 minutes then wipe. A potable water rinse is required for surfaces in direct contact with food.

To Sanitize and Deodorize Non-Food Contact Surfaces: Spray surface until thoroughly wet. Let stand 30 seconds then wipe. For heavily soiled areas a pre-cleaning is required.

Ultrasonic Bath Disinfection/Cleaning: Use this product [product name] to clean and disinfect hard, inanimate, non-porous objects compatible with ultrasonic cleaning units. Pour this product [product name] directly into the chamber. Preclean soiled objects. Place objects into unit and operate for a minimum of 10 minutes, according to manufacturer's use directions. Remove objects and rinse with sterile (for injection) water or allow to air dry. Replace solution daily or when solution becomes visibly dirty or discolored.

Kills HIV on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) associated with AIDS. **Special instructions for cleaning and decontamination against HIV-1 on surfaces/objects soiled with blood/body fluids: Personal Protection:** Clean up should always be done wearing protective latex gloves, gowns, masks and eye protection. **Cleaning Procedure:** Blood and other body fluids containing HIV must be thoroughly cleaned from surfaces and objects before application of this product [product name]. **Contact Time:** Leave surface wet for 30 seconds. Use a 10 minutes contact time for disinfection against all other viruses, bacteria and fungi claimed. **Disposal of Infectious Materials:** Blood, body fluids, cleaning materials and clothing should be autoclaved and disposed of according to local regulations for infectious waste disposal.

Salon (barber) Instruments and Tools Disinfection: Preclean soiled instruments and tools. Completely immerse water safe non-porous salon instruments and tools for 10 minutes. Thoroughly rinse and dry before use. Use fresh solution daily or more often if solution becomes cloudy or soiled. **Note:** Plastics may remain immersed until ready to use. Stainless steel shears and instruments must be removed after 10 minutes, rinsed, dried and kept in a clean, non-contaminated receptacle. Prolonged soaking may cause damage to metal instruments.

Deodorizing:

Air Freshener, Porous Surfaces: Apply a light spray into the air, or onto surfaces such as upholstery, drapes, bedding, carpet, A/C filters, etc.

Pet Odors: Saturate precleaned area with enough [of] this product [product name] to remain damp for at least 8 minutes, then blot with clean cloth. Repeat if necessary. Effective on bedding and litter boxes. Allow to dry.

Laundry: 3 ounces during the final rinse will deodorize offensive odors.

Potpourri: Easy to use. Just pour into pot or small pan and simmer.

Automobile/RV: Spraying liberally onto seats, carpets, headliner and ashtray or into the trunk and all vents will eliminate odors from tobacco, beverage spills and musty carpet.

Hard Surfaces: Apply directly to odor source such as diaper or garbage pails, fishing gear, bed pans, hampers, toilets, shower curtains, fireplace, athletic or work shoes, etc. Use in sick rooms, closets, basements or anywhere there are odors.

[Refill:

Remove top from empty spray bottle. Unscrew cap on refill and pour contents directly into empty bottle until full. Replace trigger sprayer. If liquid remains in refill bottle, replace cap and store for future use. Use product according to label directions.]

[Storage and Disposal]

Storage: Store in tightly closed container in a secure area inaccessible to children and away from food or feed.
Disposal: Do not reuse empty container; thoroughly rinse before discarding in trash.

PRECAUTIONARY STATEMENTS

CAUTION: Causes eye, skin, and respiratory irritation. Do not get in eyes or on skin or clothing. Thoroughly wash with soap and water after handling.
