Ellen M. Baldassare
Registration Manager
The CHEMOURS COMPANY FC, LLC
1007 Market Street,
Wilmington, DE 19898

Subject: Label Amendment – Change Primary Product Name and add Alternative Brand Name
Product Name: DUPONT SIMPLE POOL CARE SANITIZER
CHLORINATING GRANULES
EPA Registration No. 71654-11
Application Dated: November 25, 2014
Receipt Dated: December 10, 2014
Decision Number: 498806

Dear Ms. Baldassare:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 71654-11
Decision No. 498806

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions or comments concerning this letter, please contact liem.david@epa.gov or call (703) 305-1284.

Sincerely,

A handwritten signature in black ink, appearing to read "DF", with a horizontal line extending to the right.

OXONE® SIMPLE POOL CARE SANITIZER CHLORINATING GRANULES

Weekly Care

- [Kills and controls bacteria, bacterial germs and algae]
- [Keeps pool water clean and clear, and inhibits the growth of bacteria and algae]
- [Effective [sanitation] [disinfection] of swimming pool water]
- [Sanitizes and disinfects swimming pool water]
- [Prevents the growth of bacteria and algae]

Apply as needed to maintain 1-4 ppm of free chlorine

Active Ingredients:

Sodium Dichloro-s-triazinetrione Hydrated.....99%

Inert Ingredients: 1%

Total:..... .100%

Available Chlorine:55.5%

KEEP OUT OF REACH OF CHILDREN

DANGER

See [back] [side] panel for additional precautionary statements

FIRST AID	
If in eyes	<ul style="list-style-type: none"> ● Hold eye open and rinse slowly and gently with water for 15-20 minutes. ● Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. ● Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> ● Move person to fresh air. ● If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. ● Call a poison control center or doctor for further treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> ● Take off contaminated clothing. ● Rinse skin immediately with plenty of water for 15-20 minutes. ● Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none"> ● Call poison control center, or doctor immediately for treatment advice. ● Have person sip a glass of water if able to swallow. ● Do not induce vomiting unless told to do so by the poison control center or doctor. ● Do not give anything by mouth to an unconscious person.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment.</p> <p style="text-align: center;">YOU MAY ALSO CONTACT 1-800-654-6911 FOR EMERGENCY MEDICAL TREATMENT INFORMATION.</p>	
<p>NOTE TO PHYSICIAN</p> <p>"Probable mucosal damage may contraindicate the use of gastric lavage."</p>

PRECAUTIONARY STATEMENTS
Hazards To Humans And Domestic Animals

DANGER: Corrosive. Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin

Do not get in eyes, on skin, or on clothing. Do not breath dust, vapor or spray mist. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Use only clean dry utensils. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals (including other pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. Avoid any contact with flaming or burning material such as a lighted cigarette. Do not use this product in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

[Note to reviewer: Effluent discharge statement to be included for package sizes of greater than or equal 5 gallons (liquid) or 50 pounds (solid, dry weight), in accordance with PR Notice 95-1.]

EMERGENCY HANDLING: In case of contamination or decomposition do not reseal container. If possible, isolate container in open well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

This products is part of the *DuPont™ [Simple] Pool Care Weekly Care System*

OXONE® SIMPLE POOL CARE SANITIZER CHLORINATING GRANULES are a concentrated form of stabilized chlorine. This products will dissolve slowly and uniformly to deliver free chlorine sanitizer to pool water.

When used as directed, this product is an effective swimming pool sanitizer. The dosage required to maintain sanitary water will vary depending upon water temperature, bather load, exposure to windblown debris, rain storms and length of filtration cycle.

Getting Started

- Ensure all pool equipment is working properly.
- Backwash the filter system following manufacturer's directions.
- Adjust the alkalinity of the water to 100-150 ppm using *DuPont™ [Simple] Pool Care Total Alkalinity Increaser*
- Adjust pH to between 7.2-7.8 using *DuPont™ [Simple] Pool Care pH Increaser or pH Decreaser*
- Add *DuPont™ [Simple] Pool Care Chlorine Stabilizer* to establish a minimum level of 20-30 ppm. Sunlight will reduce the chlorine sanitizer level. Stabilizer will minimize the sun's ability to breakdown the chlorine, and allow the level to be more easily maintained.
- Test for metals. If metals are present, add *DuPont™ [Simple] Pool Care Metal Remover* to prevent staining of pool surface due to metals.
- When using other products as outlined in the directions for this product, always follow directions on those products.

DIRECTIONS FOR SANITIZER MAINTENANCE

With pump running, uniformly broadcast 4 ounces of **OXONE® SIMPLE POOL CARE SANITIZER CHLORINATING GRANULES** per 10,000 gallons directly into the water in the deep end of the pool as an initial treatment. Repeat additions until a residual of 1-4 ppm free chlorine is established as determined by the use of *DuPont™ [Simple] Pool Care Test Strips*.

Regular use of *DuPont™ [Simple] Pool Care Test Strips* is necessary to determine the dose and frequency of additions required to maintain 1-4 ppm free chlorine in the pool water. For every 10,000 gallons of pool water, add an average daily dose of 2-3 oz. Chlorinating Granules or more as needed to maintain a free chlorine sanitizer level between 1-4 ppm in the pool water.

To prevent damage to pool surface, use a pool brush to disperse granules that may have settled to the bottom of the pool. NEVER ALLOW UNDISSOLVED PRODUCT TO REST IN CONTACT WITH BLEACHABLE POOL SURFACES.

In addition to **OXONE® SIMPLE POOL CARE SANITIZER CHLORINATING GRANULES**, it is recommended that you use a *DuPont™ [Simple] Pool Care Oxidizer* to eliminate contaminants and keep pool water clear and *DuPont™ [Simple] Pool Care Algaecide* to prevent algae on a weekly basis.

ADD OXIDIZER WEEKLY

The pool water should be oxidized every week to break up organic matter that can cause pool water to become cloudy or dull and to eliminate contaminants. Add one (1) pouch (1 lb) of *DuPont™ [Simple] Pool Care Oxidizer* per 10,000 gallons of water weekly.

ADD ALGAECIDE WEEKLY

A weekly additional of *DuPont™ [Simple] Pool Care Algaecide* will help keep the pool clear of algae. Add 4 oz of *DuPont™ [Simple] Pool Care Algaecide* for every 10,000 gallons of pool water weekly.

For ALGAE Treatment

When used as directed, this product kills algae and will rid your pool of unsightly algae spots. This product is ideal for use in vinyl lined, fiberglass or colored plaster surface pools.

For best results, backwash filter prior to treatment, and each day until water is clear. Before using this product, brush all pool surfaces to loosen and expose surface-clinging algae, paying special attention to pool steps, ladder steps and around skimmer and lights. With the pump running, broadcast this product uniformly over the surface of the water adding about two thirds of the dose into the deep end of the pool. Use two (2) pounds of this product per 10,000 gallons of pool water for medium to heavy algae growth. To prevent possible damage to pool surface, use a pool brush to disperse any granules that may have settled to the bottom of the pool. If algae is still visible and free-floating 24 hours after treatment, repeat treatment. When pool water is clear and the bottom of the pool is visible, vacuum dead algae to waste.

REENTRY: Reentry into treated swimming pools is prohibited above levels of 4 ppm of chlorine due to risk of bodily harm.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. Store in a dry, cool and well-ventilated area. Avoid moisture getting into container. Keep off wet floors. In case of spillage, wash with large amounts of water. After each use, keep container tightly closed. Oxidizing material. Keep away from flames, sparks and all sources of heat. Avoid contact with organic material.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

[NONREFILLABLE CONTAINER: Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

Triple rinse as follows:

Empty the remaining contents into application equipment [or a mix tank]. Fill the container ¼ full with water. Replace and tighten closures. Tip container on it's side and roll back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip back and forth several times. Turn the container over onto its other end and tip back and forth several times. Store rinsate for disposal. Repeat this procedure two more times.

CONTAINER DISPOSAL: Completely empty container by shaking and tapping sides and bottom to loosen clinging particles. Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Limited Warranty: If not satisfied with this product's performance when used specifically as directed, contact DuPont Pool & Spa Products, Customer Care - Room GS38, P.O. Box 80705, Wilmington, DE 19880-0705 for a refund of purchase price or product replacement with proof of purchase. THE COMPANY MAKES NO WARRANTY, EXPRESS OR IMPLIED, EXCEPT SUCH AS IS EXPRESSLY SET FORTH HEREIN. The Company's liability for any breach of warranty shall be limited to the purchase price of the product. The Company shall not be liable for any incidental or consequential damages for any breach of warranty. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.
