PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION

Harmful if inhaled or absorbed through the skin. Avoid breathing spray mist. Avoid contact with eyes, skin and clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Vacate room after treatment and ventilate before reoccupying. Avoid contamination of feed and foodstuffs. Remove pets, birds and cover fish aquariums before spraying. Prevent re-entry of dogs and cats into treated area until spray deposits are dry. **This product is not for use on humans.** If lice infestations should occur on humans, consult either your physician or pharmacist for a product for use on humans.

Physical and Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use on electrical equipment or on surfaces that can be harmed or stained by water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USING

Shake well before each use. Remove protective cap. Aim spray opening away from person. Push button to spray.

Not for use in or around food handling or storage facilities.

FOR *House Flies, Mosquitoes, Gnats, Small Flying Moths*: Close all doors and windows. Point nozzle upwards, direct the spray mist to all parts of the room especially windows and other light sources which attract these insects. Fill the room with mist, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

FOR *Wasps, Yellow Jackets and Hornets*: Make applications in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible.

FOR CRAWLING INSECTS: *Cockroaches, Scorpions, Centipedes, Millipedes, Pillbugs, Earwigs, Sowbugs, Spiders*: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, baseboards and storage areas. Spray directly on insects when possible.

FOR *Ants*: Spray trails, nests and points of entry. Spray on ants where possible.

TO KILL *Lice and Louse Eggs*: Spray in an inconspicuous area to test for possible staining or discoloration. Inspect again after drying, then proceed to spray entire area to be treated.

Hold container upright with nozzle away from you. Depress valve and spray from a distance of 8 to 10 inches.

Spray each square foot for three seconds.

Spray only those garments and parts of bedding, including mattresses, and furniture that cannot be either laundered or dry cleaned. Allow all sprayed articles to dry thoroughly before use.

***Fleas and Ticks*:** Spray sleeping quarters, bedding, floor and floor covering where pets are kept. Use only a recommended pet spray on pets.

***Bedbugs*:** Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, moldings and frames. Allow all sprayed articles to dry thoroughly before use.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area away from children and pets.

Disposal: Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.
