

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

75538-4

Date of Issuance:

7/6/17

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

90 Day Copper Algacide

Name and Address of Registrant (include ZIP Code):

Marianne Radtke
Regulatory Agent for
OREQ Corporation
42306 Remington Ave.
Temecula, CA 92590

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Eric Miederhoff, Product Manager 31
Regulatory Management Branch I
Antimicrobials Division (7510P)
Office of Pesticide Programs

Date:

7/6/17

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 75538-4.”
3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 1/17/2017

Also note that the following alternate brand names have been added to the record for this product:

- ClearView 90 Day Algae Treat
- PoolPals 90 Day Algae-Axe
- Pool Barons 90 day algaecide

If you have any questions, please contact Tara Flint via email at flint.tara@epa.gov.

{Alternate Brand names:}
ClearView 90 Day Algae Treat
PoolPals 90 Day Algae-Axe
Pool Barons 90 Day Algaecide

OREQ
90 DAY COPPER ALGAECIDE

[Kills Black, Green, Mustard and Red Algae]
[Algaecide]
[Non-Foaming]
[For controlling mustard algae growth in swimming pools]
[Prevents all types of algae]
[Fast-acting Treatment]
[Long-Lasting Treatment]
[Easy to use, Swim Immediately]
{Single Treatment lasts 3 months}
[Lasts 3 months]
[Non-Staining Formula]

KEEP OUT OF REACH OF CHILDREN
CAUTION

[See [side] [back] panel for [First Aid and] additional precautionary statements.]

ACTIVE INGREDIENT:
Copper triethanolamine complex*11.72%
INERT INGREDIENTS88.28%
TOTAL.....100.00%

*metallic copper equivalent, 3.50%
Contains 0.33 lbs of elemental copper per gallon

NET CONTENTS: [16 fl.oz. (473.18 ml)] [32 fl.oz. (946.35 ml)]

EPA No: 75538-U
EST. No. 75538-CA-1

[MANUFACTURED BY:] [DISTRIBUTED BY:]

Oreq Corporation

Temecula, CA 92590

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or when going for treatment.

[For emergency information on this product, call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific time (PT), seven days a week. During other times, call the poison control center 1-800-222-1222.]

[24-hour Emergency Hotline for Technical Assistance and MSDS 1-800-633-8253]

[See [Back] [Side] panel for additional precautionary statements.]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed, absorbed through the skin or inhaled. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS:

{For products in containers of less than 5 gallons:}

[This product is toxic to fish and aquatic organisms.]

{For products in containers of 5 gallons or more:}

[This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.]

{Additional optional product description/marketing statements}

[this product under field conditions, has shown to be effective in controlling a broad range of algae. [Especially effective results have been obtained against Chara (Stone wart), Spirogyra, Cladophora, Vaucheria Ulothrix, Microcystis, Oscillatoria, Mustard Algae and Black Algae.] The triethanolamine complex used in this product prevents the precipitation of the copper with the carbonates or bicarbonates in water.]

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is made especially to control algae growth in all types of swimming pools. Its long-lasting action will control existing algae. Subsequent doses will control recontamination by algae. Treated water can be used immediately ...no waiting.

This product comes concentrated. Dilute with at least five parts of water before applying. Pour required amount of this product into plastic watering can, fill with water and sprinkle around edge of pool. Apply initial treatment to a freshly filled pool or at first visible signs of algae growth.

[This product involves no waiting.
Swim immediately after treatment.]

[Do not use in pools where minerals present a problem.]

[DILUTION CHART FOR SWIMMING POOLS

Pool Capacity	Initial Treatment	Maintenance Dose
5,000 gal.	4 fl. Oz.	2 fl. Oz.
10,000 gal.	8 fl. Oz.	4 fl. Oz.
20,000 gal.	16 fl. Oz.	8 fl. Oz.

{For extended use products}

[DOSAGE RATES:

EVERY THREE MONTHS: 14 fl. oz. of this product per 10,000 gallons pool water will prevent algae growth in all pool types.

SEVERE ALGAE TREATMENT: Use 28 fl. oz. of this product per 10,000 gallons pool water.]

[GENERAL DIRECTIONS:

1. Maintain pool water in the pH range 7.2 to 7.8. Adjust pH to 7.2 for severe algae.
2. Ensure that filtration system is working properly and that filtration cycle is adequate.
3. A regular brushing program will assist in the removal of stubborn algae.
4. Calculate the volume of algicide required for your pool.
5. Add the diluted product directly to the pool, distributing over as wide an area as possible.
6. While this product controls algae, it is important that adequate levels of sanitizers (chlorine) be maintained to control bacterial growth.]

Physical and Chemical Hazards:

Do not mix with any other chemicals. Do not use in pools where minerals present a problem.

{Optional winter use directions.}

[WINTER DIRECTIONS: Use 8 fl.oz. for 10,000 gallons of pool water. Pour the required amount into a plastic watering can, fill with water, and sprinkle the diluted product around the edge of pool. For best results, the mixture must be distributed equally around the edge of the pool.

Add this product to your pool prior to closing. During the winter season check pool periodically for visible signs of algae and reapply this product if necessary.]

STORAGE AND DISPOSAL:

{For residential pools}

[Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Store away from food and feedstuffs.

PESTICIDE DISPOSAL and CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. If empty: Offer for recycling or wrap securely in several layers of newspaper and discard in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.]

{For commercial pools}

[Do not contaminate food or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Store away from food and feedstuffs.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of onsite or at an approved waste facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling, if available. If not, dispose of container in a sanitary landfill.]
