Dear Mr. Jones:

This letter supports the notification of use termination submitted by Agrosource, Inc. to voluntarily amend the registration of AGRI-SEED™ 50 WP to terminate residential use on the label.

A 30 day comment period was held when the *Notice of Receipt of Requests for Amendments to Delete uses in Certain Pesticide Registrations* published in the Federal Register on October 25, 2019. The Agency did not receive any public comment in response to this Notice, nor a written withdrawal of the use deletion. The *Cancellation Order for Certain Pesticide Registrations and Amendments to Terminate Uses* published in the Federal Register on January 3, 2020. The Agency approved the use of oxytetracycline on citrus crop group 10-10 on January 12, 2021 (D 512076). That label approval included the deletion of residential use. Therefore, no stamped label is provided with this letter. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), the Agency hereby approves the requested amendment to terminate the residential use of AGRI-SEED™ 50 WP. Accordingly, the Agency orders that the product is hereby amended to terminate the affected use. Any distribution, sale, or use of existing stocks of the subject product in a manner inconsistent with any of the provisions for disposition of existing stocks set forth below will be considered a violation of FIFRA.
