Dear Richard:

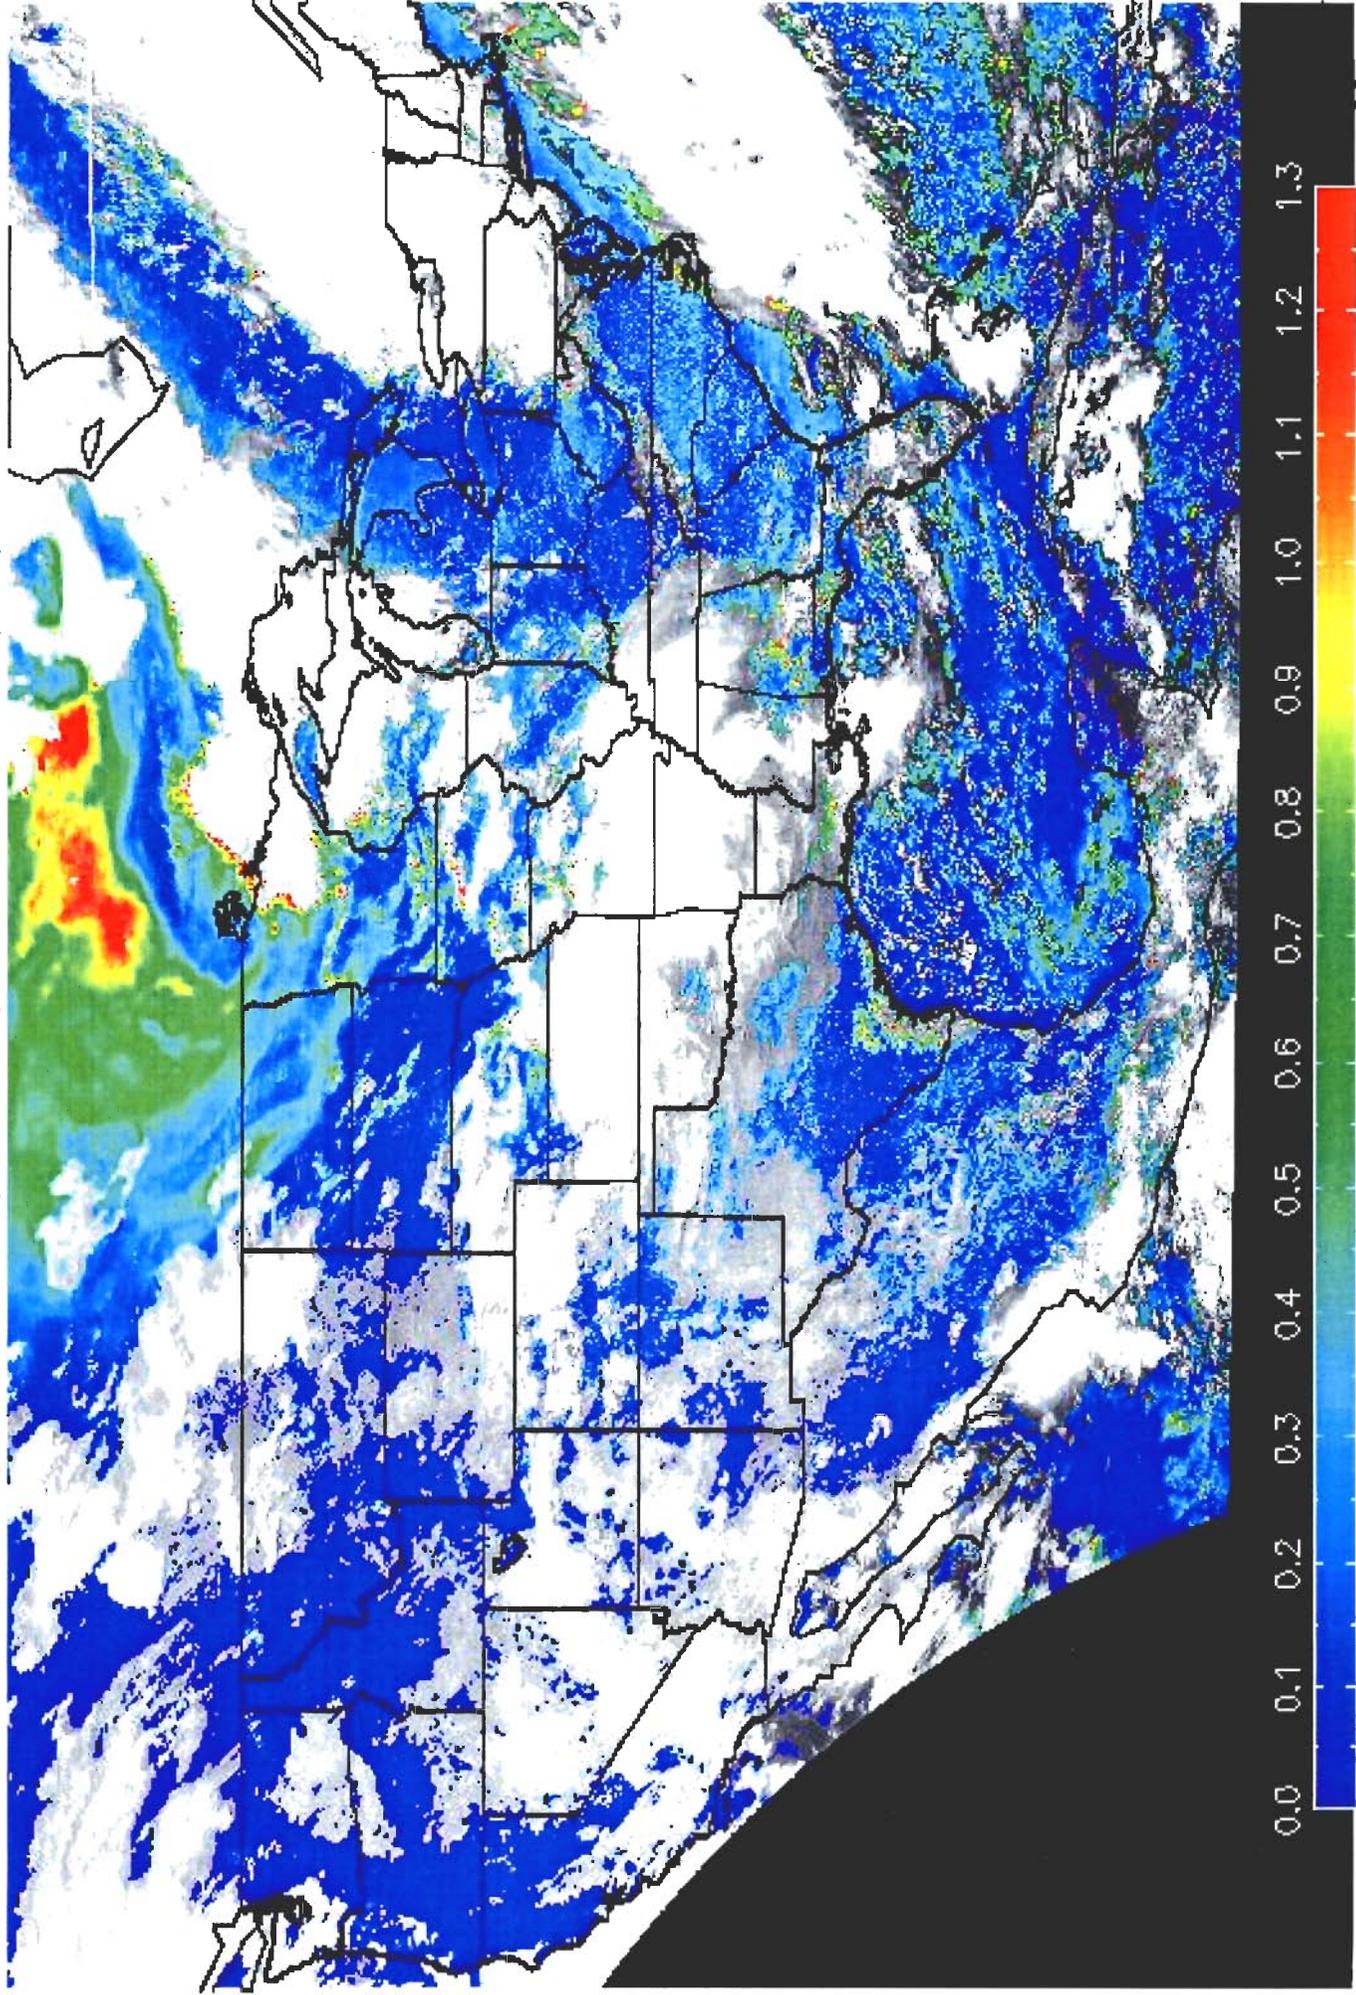

I believe I inadvertently left out these pages from Doug Neeley's 2004 Exceptional Event package from our agency. Please place these pages in the July section. They are critical to the understanding of this incident.

Also I found that I had included a TOMS picture from June 23, 2003, in the July section (after July 22, 2004) in some of the packages. I pulled them, but may have missed pulling it from your package. Please pull it out and discard it.

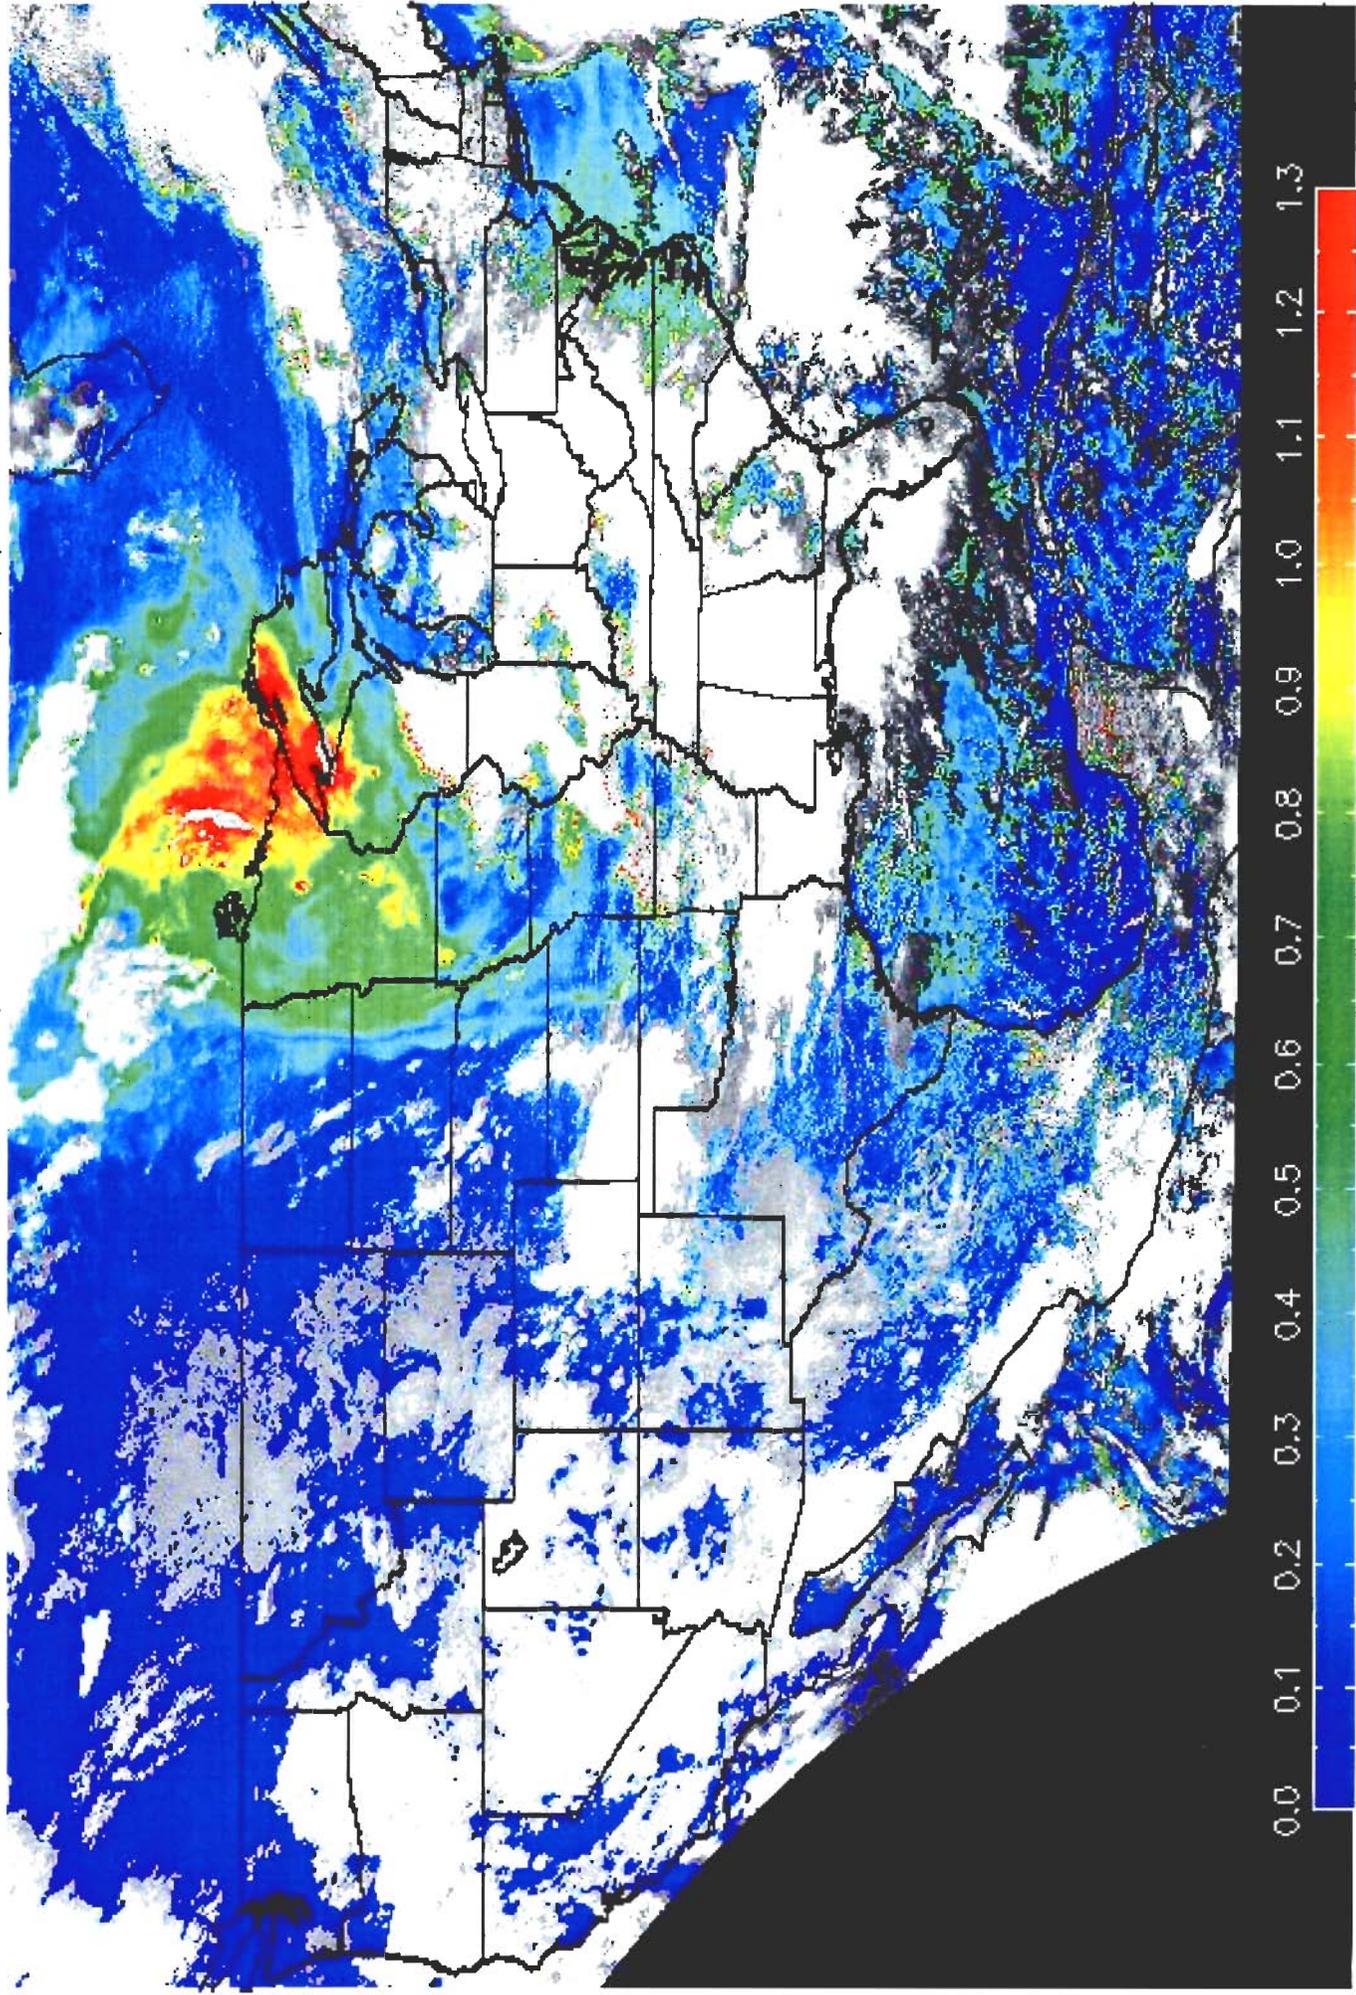

Thanks,

Kathy S. Jones
Air Monitoring Manager
