MAR 24 2004

Honorable David D. Freudenthal
Governor of Wyoming
State Capitol
Cheyenne, WY 82002

Dear Governor Freudenthal:

Thank you for your recent letter of February 5, 2004 forwarding Wyoming's Air Quality Division's recommendations on air quality designations for the national health based standards for fine particles.

Your letter is an important step toward providing citizens in your state with critical information about air pollution levels in their community. We intend to carefully review the recommendations and work with Dan Olson, Administrator, Wyoming Air Quality Division, as necessary in determining final designations.

As explained in the attached guidance, our April 2003 PM_{2.5} designations guidance established the metropolitan area (i.e., the larger of the Consolidated Metropolitan Statistical Area (CMSA) or Metropolitan Statistical Area (MSA)) as the presumptive boundary for PM_{2.5} nonattainment areas, based on the Office of Management and Budget (OMB) 1999 definition of CMSA and MSA. We acknowledged in our April 2003 guidance that OMB planned to publish revised urban area definitions sometime in 2003, but because the specific release date was not known at that time, the guidance stated that the Environmental Protection Agency (EPA) anticipated using the 1999 definitions for the PM_{2.5} designations process. OMB subsequently issued revised urban area definitions on June 6, 2003. While we are not requiring states to use the recently-issued OMB urban area definitions, EPA does intend to assess all counties included in OMB's 2003 definitions, as well as any adjacent counties, when reviewing each state's recommendations. All counties will be reviewed using the 9 factors identified in the April 1, 2003 guidance.

We look forward to working with Wyoming in the coming months on designations for the fine particle standards. If you have any questions, please do not hesitate to call me or Richard Long, Director, Air and Radiation Program, of my staff at 303-312-6005.

Sincerely,

A handwritten signature in black ink, appearing to read "RE Roberts". The signature is written in a cursive, somewhat stylized font.

Robert E. Roberts
Regional Administrator
