Nonattainment areas are indicated by color. When only a portion of a county is shown in color, it indicates that only that part of the county is within a nonattainment area boundary.

For the 8-hour Ozone (2008) Washington, DC-MD-VA nonattainment area, the Maryland and Virginia portions were redesignated on May 15, 2019. The DC portion has not been redesignated. The entire area is not considered in maintenance until all states in a multi-state area are redesignated.
